REPORT REVIVES POOR FARM TALK

Grand Jury Again 'Emphatically Recommends' Erection of New Building by Commissioners

RETURNS 15 INDICTMENTS.

Sale of Part of Land And Use of Proceeds to Make Improvements is Advocated

The grand jury this morning reported fifteen indictments and made its usual suggestions regarding the unsanitary condition of the county poor farm, emphatically recommending the erection of a new building.

It was not expected that any arrests would be made in the indictments today.

For several years every grand jury has made the same recommendation regarding the county poor farm, but the county commissioners have not yet seen fit to ask the county council for an appropriation. The county board of charities has also condemned the dwelling at the county farm.

It is known that the commissioners have been urged to sell some of the land at the poor farm and use the proceeds to erect new buildings. Those advocating this plan say that enough money could be realized from the sale of part of the farm to make the necessary improvements.

The grand jury reported as follows regarding the condition of the jail, court house and poor farm after an inspection of the county institutions:

To the county commissioners: We would respectfully submit the following with reference to the poor farm dwelling:

1. The fire hazard is great.
2. No adequate heating or lighting system.
3. No hospital equipment.
4. Building unsanitary.
5. No adequate arrangement for segregation of sexes.
6. Very poor dining room and kitchen facilities.
7. No storage room for provisions.

We emphatically recommend that a new building be erected immediately.

Concerning the jail and court house, we have found them being cared for very well with the exception of the jail corridors which should be kept clean and lavatories and commodes should be in the jail.

Respectfully submitted,
EMMETT S. KENNEDY,
GUY ABERCROMBIE,
WILLIAM O. FRAZEE,
CHRIS KING,
GUY S. GORDON,
WILLIAM GATEWOOD.

The county owns approximately two hundred acres of land in the poor farm tract and the old county fair grounds, which was bought as a site for the proposed county hospital. It is pointed out that by selling even one hundred acres of this land, the commissioners could erect new buildings at the poor farm without issuing bonds and putting the county in debt.

Another argument is also used by those in favor of selling part of the land. They declare it is not good business for the county to try to operate a home for the poor and a farm under one management. It is asserted that the superintendent of the poor farm has enough to do in running the county asylum without having to manage a 200-acre farm as well. The records of the county disclose that the farm has seldom ever showed any actual earnings.

Land enough for a truck garden, to raise the vegetables needed by the inmates, and to produce the meat used at the farm, is all that the county needs, it is declared by men who are earnest advocates of the scheme to dispose of part of the farm and erect new buildings.

WILL SPEAK AT GLENWOOD

Mary E. Logan to Address Woman's Missionary Society.

Miss Mary E. Logan, returned missionary from India will give an address in the United Presbyterian church at Glenwood Thursday afternoon at two o'clock. This meeting is under the auspices of the Woman's Missionary society of the Presbyterian congregation of Glenwood. The other societies of the local congregations are invited to attend as guests. Miss Logan is the daughter of Mrs. Samuel Logan of this city and a sister of Dr. H. V. Logan, also of this city. Miss Logan has spent several years of her life as a missionary in Japan and the address given by her promises to be instructive and interesting.

PASSES BOGUS CHECK FOR \$28.50 AT STORE

Man Who Signed His Name "Chester Surface" Makes Four Unsuccessful Attempts.

ESCAPES WITH \$25 IN CHANGE

The police authorities were busy late last evening and this morning in an effort to locate the person who passed a bogus check at the Ida Dixon millinery store late yesterday afternoon. The stranger entered the store and asked to buy a hat for a member of his family. The hat was chosen and a check for \$28.50 was tendered as payment, \$25 being returned in change. The man left, promising to return for the hat later, but did not do so. After an attempt to cash the check, it was learned that it was of no value, being payable to "Chester Surface" by a certain "Mr. Smith".

After a investigation it developed that the same person had tried to cash the same check at the Ninety-Nine Cent store, and the Plough hat shop, but failed in both attempts. He also attempted to cash a check for \$15 at the Finney bicycle store and the Neutenheizer millinery store, being unable to do so at either place. Police authorities made an effort to locate the man but he escaped before they were notified.

SIXTH PETITION FOR ROAD UNDER NEW LAW

Taxpayers Ask Permanent Improvement of Pike Between Here and Decatur County Line

DOWN KING PIKE TO MILROY

Another petition for the permanent improvement of a Rush county highway under the county unit law was presented today to the county auditor, making six which have been filed since last Saturday afternoon. The petition is headed by Pete Maffett and asks for the reconstruction of the highway beginning at old Williamstown on the Decatur-Rush county line, running through Milroy and thence north along the King pike to Rushville. The road sought to be improved is 13 1/2 miles long and the petitioners allege that three and a half miles of it south of Milroy are next to impassable. The kind of material wanted is not specified.

Four of the other five petitions which have been filed under the new law request that the roads be built of cement. The first one filed, which is in Rushville and Anderson townships, specifies macadam. The four cement roads, if built, would give Rush county two permanent highways cutting the county east and west and north and south.

NEW GOVERNMENT WELL ENTRENCHED

Red Army Being Formed in Hungary to Disarm the Burgois, Budapest Dispatch Says

CZECH FORCES ARE IN RAAB

Bloody Fighting Between Communists and Anti-Bolshevik Forces in Capital Reported

(By United Press.)
Berlin, Mar. 26.—Allied troops have been withdrawn from several points near Budapest, according to a Budapest dispatch.

A Vienna dispatch said all the allied missions had left Budapest with the exception of one American officer.

Copenhagen, Mar. 26.—The Czechoslovaks are mobilizing another army to march against the Hungarians, a Vienna dispatch reported today. The army will be commanded by an Italian general.

London, March 26.—A News Agency dispatch from Prague today said reports have been received there that Count Karolyi, former head of the Hungarian government, has been assassinated.

A dispatch to the News from Vienna said Karolyi had been arrested by the communists.

Basle, Mar. 26.—Czech forces have occupied the important city of Raab on the Danube 67 miles northwest of Budapest, according to a Vienna dispatch to a German paper.

The Red army is being formed in Hungary to disarm the burgois, a Budapest dispatch reported. All foreigners, including Austrians, are being interned.

The revolutionary government is now firmly established. The workers council has announced that elections to the national assembly have been postponed.

Austrian socialist leaders have sent a message to Budapest announcing the readiness of Austrian workers to join the Bolshevik movement if food can be obtained elsewhere than from the entente.

London, March 26.—Admiral Kolchak, advancing 40 miles into the Onsk region, pierced the Bolshevik line on a front of 30 miles, according to advices received here today.

On the Archangel front the allies began an offensive Sunday but failed to make progress. The Bolsheviks advanced westward although their losses were heavy.

War Minister Trotsky has ordered mobilization of the torpedo boat division of Soviet navy, a dispatch from Helsingfors reported.

Berlin, Mar. 26.—Bloody street fighting between communists and Anti-Bolshevik forces in Budapest was reported by travelers arriving from that city today.

The streets were being swept by machine gun fire and the number of casualties was said to be high.

The communists guards were being directed by Hungarian soldiers returning from Russia.

Travelers have been forbidden to leave Budapest but several slipped past the guards. The nervous situation in the Hungarian capital has been increased by the clashes between the revolutionary factions, it was said.

The British and French missions were reported to be held prisoners but to be safe. The new cabinet is extending its work throughout provinces and towns.

The success of the Hungarian Soviet revolution has made the Spartacans here restless. The independent socialists are opposing another armed uprising in Germany however, and the disagreement threatened to disrupt the Central Soviets.

CHANGE IN PEACE PLANS PROBABLE

Treaty Embracing All Enemy Countries Instead of Preliminary Pact With Huns Scheme

UPSETS THE PROGRESS MADE

One Advantage Seen is That it Would Make Germany Responsible For All Her Allies

(By United Press.)
Paris, Mar. 26.—A treaty embracing all the enemy countries instead of a preliminary peace with Germany, is now being planned to speed up the peace settlement, it was learned from authoritative sources today.

The best guess of when such a treaty would be ready for submission to the enemy powers by calling their delegates is May 1.

This plan completely upsets the progress along which the peace conference has been working for the past month. It is not yet certain that the new scheme will be carried out but some of the delegates point out that various questions are so inter-related that time will be saved by tying all the treaties together.

A further advantage to be obtained through a joint treaty is that it would make Germany responsible for all her allies by binding her up in a pact in which they were parties. This was the only immediate explanation for the change in the trend of the conference work.

One explanation possibly lies in the economic problem in which the greatest difficulties is being encountered. It is known that the economic committees, including the one handling reparations, are far from completing their work, which involves the entire economic future of the world, especially Europe.

TO GET AVERAGE ON LAND APPRAISEMENT

County Assessor Will Receive Informal Reports on Assessing of Real Estate Saturday

COPIES OF NEW LAW COMING

Some idea of the way land and improvements are being appraised in Rush county will be gained by the county assessor, Earl Priest, when he holds another conference next Saturday with the township assessors. At that time the assessors will be asked to make an informal report on the real estate which they have assessed up to the end of this week. It has previously been stated that the assessors were making an effort to appraise farm land and improvements at an average of near \$150 an acre, which is expected to comply with the provisions of the new state law.

The report of the assessors on the first two weeks of assessing recently revealed that personal property was being increased in value in keeping with the intent of the new law, with the exception of a few items in four townships which were valued too low as compared with the other townships.

The county assessor will receive in a few days copies of the new law, which were to be sent out today by the state tax commissioners for distribution. As the new law is a codification of the tax laws of Indiana enacted during the various sessions of the Legislature since 1891 the new sections and provisions of the law are distinguished in the printed copy by bold face type. The pamphlet also contains a complete index to all the matter in the volume, which contains 208 pages.

SITUATION QUIET IN EGYPT

Rioting and Pillaging in Uprising, Advices State

(By United Press.)
Washington, Mar. 26.—Rioting and pillaging featured the uprising in Egypt, according to state department advices today.

Condition had quieted somewhat. Many railroad stations were destroyed during the disorder while peasants seized crops belonging to the state and set fire to the building of one land concern.

At one city a mob overpowered the police and hoisted the Turkish flag, advices state, and at another rioters are reported to have burned the agricultural bank.

JURY HEARS DAMAGE SUIT AGAINST CITY

Evidence Being Given in Suit Brought by Grover Hutcherson of Liberty For \$500

BASED ON ACCIDENT YEAR AGO

A jury began hearing evidence about eleven o'clock this morning in the circuit court in the case of Grover Hutcherson of Liberty against the city of Rushville for \$500. The suit is based on an accident which happened at the corner of Morgan and Second streets on the evening of March 23, 1918 at seven o'clock, when Hutcherson ran into a traffic post with his automobile.

Hutcherson alleges that he did not see the post because the streets were wet and charges the city with negligence. He claims \$250 for damages done to his automobile and \$250 for injuries he sustained. Hutcherson was twice tried before Mayor Irvin on a charge of speeding, which offense was alleged to have been committed at the same time, but the jury disagreed both times.

Hutcherson was also arrested for intoxication but the case has never been tried.

The jury hearing the evidence today was as follows: Walter Barnes, John L. Clark, Albert Reddick, H. J. Carr, Oliver Offutt, Dan Hayse, Ben F. Stiers, Erban Vickery, Rufus Rhodes, Oscar Miller, Gordon Whitton and O. M. Harton.

MOTORISTS GET AWAY AFTER STRIKING GIRL

Police Wire Indianapolis to Learn Identity of Men Whose Car Hit Helen Wallace, 9

CHILD IS SERIOUSLY HURT

Helen, age 9, daughter of Mr. and Mrs. Frank Wallace, was seriously injured yesterday afternoon when she was run down by an automobile. The child was returning home from school and was near Gillispie's grocery store in East Gillispie street when the accident occurred. She was knocked down, being struck on the side of the head by the machine. Her teeth were knocked loose and her head and shoulders were also bruised.

The drivers of the machine, which was a Ford, applied the brakes, killing the engine. They did not stop long however, but cranked the machine and made their getaway. Mrs. Gillispie secured the number of the machine and the secretary of state at Indianapolis has been wired to learn the name of the owners. The child's condition is hopeful, as reported by the parents this afternoon. The machine was going east when the accident happened. The drivers went over to ninth street and disappeared, going west.

SOLDIERS WATCH INSURANCE PLAN

Local Men Who Are Returned Interested in the Proposed Form of Policies to be Given

SIX KINDS ARE OFFERED

Soldiers Will Have Five Years in Which to Decide if They Want to Make The Transfer

Rush county soldiers who carried government insurance policies under the war risk bureau's plan, are watching developments as to what offers will be made by the department for the conversion of policies for civilians. Under the present plan only men who carried war risk insurance will be permitted to take out policies to be carried by civilians but it is expected that there will be several features that will prove attractive. It is expected that the bureau will announce some time next month just what plan of insurance will be available to former soldiers. It is certain that the insurance department of the government will be continued and it is possible that later it may be extended so that any civilian may take advantage of it.

Soldiers who are holding war risk policies will have five years in which to decide if they want to convert it into another form of insurance. Six kinds of policies, it is stated, will be issued—ordinary life, twenty payment life, thirty payment life, twenty-year endowment, thirty-year endowment and an endowment policy that will mature at the age of sixty-two. The rate for the ordinary life, ranges from \$13.59 at the age of twenty to \$35.56 at the age of fifty years. The twenty-year payment life ranges from \$20.79 at twenty years to \$41.34 for fifty years. The twenty year endowment begins at \$39.10 at twenty years and the highest rate is \$47.01 at fifty years. The thirty-year endowment ranges from \$24.33 to \$37.09.

The government has made extremely liberal provisions in regard to the payment of premiums and will permit the payment of the premiums on a month, quarterly, semi-annual or annual basis. Grace of one month will be allowed on all payments, and the policies for the reinstatement of the insured in the event that he permits his policy to lapse.

If the government should find that it is making a profit on its insurance, the profits will not go into the treasury, it is stated, but to the men who take out the insurance. Dividends will be declared annually, and the insured men may have the privilege of taking these dividends in cash, having them deducted from their premiums, or of leaving the money to accumulate with the government at compound interest. The policies provide that when their policies become paid up they participate in the dividends along with those policies which are still being paid on. If death should occur during the period for which an annual, semi-annual or quarterly premium has been paid, the government will remit the premium for all except the current month.

MARY E. SHAWHAN IS DEAD

Remains of Former Rushville Woman Will Arrive Tomorrow

A telegram was received here this morning by Frank J. Hall announcing the death of Mrs. Mary E. Shawhan of Mobile, Alabama. She will be remembered here as the widow of Garrett B. Shawhan and was the daughter of Mr. and Mrs. Elihu J. Shrader, formerly of this city. The remains will reach here tomorrow morning at 11:45 on the Pennsylvania railroad and will be taken from the station direct to East Hill cemetery for interment.

You Profit By Our Bigness

Our size enables us to:—

- Furnish cash markets for all live-stock offered;
- Operate at minimum costs;
- Stay in business on a profit of only 2 cents on the dollar of sales;
- Eliminate waste;
- Get the surplus live-stock products from the West to the millions of consumers in the East.

There is No Menace in Size:—

- As long as we are in keen competition with other packers;
- As long as there are hundreds of firms in the business;
- As long as we handle only about 12 per cent of the meat supply of the country and only about 22 per cent of the meat that is inspected by the United States Government;
- As long as our bigness is used to your advantage—as it is now—and as it must be in the future if we are to do a profitable business. The permanence of a business depends on the goodwill of those it serves. No large business can prosper that is not recognized as giving in exchange for its earnings an equivalent measure of helpful service.

Swift & Company, U.S.A.

We Try To Do Our Part

Days Pickings

Mr. and Mrs. Fred Tewell of Indianapolis have moved to the Arbutus property west of the city.

The second division of the Ladies Aid society of the St. Paul's M. E. church will serve a penny supper Friday evening April 4th.

Born to the wife of B. O. Willis, of Newcastle, formerly of this city, an eight and one-half pound boy, Saturday, March 22. The baby has been named Max Burren.

The Centenary council and unit leaders of the St. Paul's Methodist Episcopal church will meet for an important conference this evening at 7:30 in the church parlors. A full attendance is desired.

The funeral services of Mrs. Frank Shook of Manilla, who died at her home there Monday were held this afternoon at two o'clock at the Methodist Episcopal church and burial was made in the Manilla cemetery. The Rev. James L. Brown had charge of the services.

Capt. Glen I. Tucker, whose wife and son are at the home of her parents, Mr. and Mrs. E. B. Thomas was on one of two troop trains, bound for Camp Grant, Ill., which went through here last night on the C. I. & W. Mrs. Tucker had word that her husband would be on the train and was at the station to greet him as he went through.

LEADERS OPPOSE SHOP STEWARDS

To Speed the Final Enfranchisement of Women and Remove all Legal Discriminations.

MANY ATTEND CONVENTION.

As Fitting Memorial to Half Century of Campaigns, Women Decide to Hold Conference.

(By United Press.)

St. Louis, Mar. 26.—A league of women voters to seek the final enfranchisement of the women of the United States and to remove all legal discriminations against women, was one of the many interesting subjects discussed at the National American Woman Suffrage convention here today. The sessions will last until Saturday, March 29. Delegates from every State in the Union are in attendance.

The jubilee convention, which commemorates the fiftieth anniversary of the granting of suffrage to women in Wyoming in 1869, was attended by some of the best known suffrage leaders. In 1869 the National Suffrage Association was formed, to be followed by the American Suffrage Association. In 1890 they were merged into the National American Woman Suffrage Association. For fifty years the organization has been continuous.

As the most fitting memorial to the half century of campaigns, women of the country were invited to send delegates to a Woman Voter's Conference. Upon this foundation the convention hopes to build a New National Voters' League.

Each fully enfranchised state was represented in the league conference, including Wyoming, Colorado, Idaho, Utah, Washington, California, Oregon, Montana, Nevada, Arizona, Kansas, New York, Michigan, South Dakota and Oklahoma. Each state sent fifty delegates.

Some of the questions raised in general at the discussion were: "Why does the United States lag behind other nations in extending votes to its women?" "By what policy can the enfranchisement of women be most speedily brought to final triumph?"

"Are women voters treated with the dignity and the respect they merit at the hands of political parties?" "Have women voters accomplished the best results with their franchise?" "Can women voters work for good causes most effectively as an independent non-partisan group outside the party, or as partisans within the party?"

FON RIGGS IS LOCAL DEPUTY OIL INSPECTOR

His Jurisdiction Covers Rushville, Liberty and Morristown, it is Announced

JOB LASTS UNTIL OCTOBER 1

Fon Riggs has been appointed deputy oil inspector for Rushville, Liberty and Morristown by Marion Caldwell, superintendent of the state oil inspection department. Joe Jessop of Connersville has been appointed the deputy for inspection at the station at Glenwood.

These deputies will receive fees from the oil companies until October 1 when the present inspection department, authorized by the recent legislature, will be observed by the state food and drug department.

It has been estimated that the total fees to be collected will approximate \$100,000. The inspectors will test gasoline and naphtha for gravity and kerosene for its flash. For each container they will collect 40 cents for the first two barrels, 20 cents for the next eight, 10 cents for the next thirty-five and 3 cents a barrel for the remainder. All the fees will be kept by the deputies with the exception of 5 per cent which they shall remit to the state office.

Knecht's Weatherman will give free to every mother, wife, or sweetheart of a Soldier a Beautiful Oil Painting by James Montgomery Flagg, also see him about the dress of your Son, Husband, or Sweetheart.

Such Women Just Have to "Give Up"

"Man may work from sun to sun, but woman's work is never done." That's why women are overworked, nervous, all run down, no appetite, and can "hardly drag around." Vinol creates a hearty appetite, strengthens the digestive organs, induces sound sleep, invigorates the nerves, and in this natural manner creates working strength.

Narragansett Pier, R.I.

"I was all run-down, back ached, and tired all the time. I keep house for my husband and four children and could hardly keep around. Finally I tried Vinol and it has restored my health and helped me wonderfully, so I recommend it to others who are in this condition." Mrs. Hannah Randall.

Jacksonville, Ill.

"I keep house for my little family, but got into a weak, nervous, run-down condition, tired all the time and no ambition. My doctor told me to try Vinol, and in a week I felt like a new person. I am now strong again, look after my baby, and do all my housework." Mrs. G. H. Lamson.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

IN THE SPRING

When Energy and Vitality are Lowest, then—Influenza!

(By S. C. BOWER, M. D.)

At this time of the year people feel weak, tired, listless, their blood is thin, they have lived indoors and perhaps expended all their mental and bodily energy and they want to know how to renew their energy and stamina, overcome headaches and backaches, have clear eyes, a smooth, ruddy skin and feel the exhilaration of real good health tingling thru their bodies. Good, pure, rich, red blood is the best insurance against ill of all kinds. You are apt to suffer from an attack of Influenza if your health is run down.

Purify the blood and you can defy influenza. This is the time to clean house and freshen up a bit.

Drink hot water a half hour before meals, and for a vegetable tonic there's nothing better than Dr. Pierce's Golden Medical Discovery, the old-fashioned herbal remedy, which has had such a fine reputation for fifty years. It contains no alcohol or narcotics and is made into tablets and liquid. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. for trial package.

Milwaukee, Wis.—"For the last twenty years I have used Dr. Pierce's Golden Medical Discovery, at times, as a general tonic, with excellent results. One bottle in the spring and one in the fall is usually all-sufficient. It has given me added strength and endurance and has greatly aided me in following the strenuous life of a freight handler. I have also found the 'Pleasant Pellets' very beneficial and mild in action."

"I have been through Dr. Pierce's Invalids' Hotel and Surgical Institute at Buffalo, N. Y., and have found everything as represented. The pictures given of their buildings are genuine."—John W. McLain, 185 Wisconsin St.

How Much is 1¢

Suppose that for one cent you could insure the quality of your cake, biscuits, etc., wouldn't that be real economy?

Well, one cent is about the difference in the cost of a whole cake or a pan of biscuits made with Royal Baking Powder as compared with cheaper baking powders made from alum or phosphate—a trifle, indeed, to insure the quality and wholesomeness of your baking.

ROYAL Baking Powder

Absolutely Pure

Made from Cream of Tartar derived from Grapes

Royal Contains No Alum—

Leaves No Bitter Taste

—Mr. and Mrs. Richard Fleehart were Indianapolis visitors Monday evening and heard McCormack at the Murat theatre.

—Mr. and Mrs. Elmer Abercrombie and family of Falmouth spent Sunday as the guests of Mr. and Mrs. Howard Stout and family of this city.

—Mrs. Everett Daggett had returned to her home in Indianapolis after spending a few days in this city as the guest of her mother, Mrs. Joseph Caldwell.

—Mr. and Mrs. Will Winton of Shelbyville and Corporal Charles Ball and Miss Ella Everett, of London, Shelby county, are visiting Mr. and Mrs. Guy Little, Mr. and Mrs. Will Barlow and Mr. and Mrs. Farlow of this county for several days.

Amusements

Comedy and Drama at Mystic

"The Scarlet Road," presented by George Kleins, is the offering at the Mystic theatre tonight. Billy Ruge in "After the Matinee," a sparkling good comedy is also on the program.

Those fortune tellers who rattle the skeleton in one's own family closet and throw the glaring light of metaphysics on the winding paths of the future. That is what people wondered when Rosamond Gilbert, a pretty young girl, set herself up in a fortune teller's booth behind her bungalow and directed the destiny of clients who sought her sage advice.

She did it to make dreams come true.

How she succeeded in her crusade against drab realism and how she found peace and happiness with the man she loved, is vividly depicted by Carmel Myers, starring as Rosamond in "The Dream Lady," her latest Bluebird photoplay, adapted from Margaret Widdemer's famous novel, "Why Not," which will be shown at the Mystic theatre Thursday.

Marion Davies at Princess

Marion Davies in "The Belle of New York" and Pathe News are the offering at the Princess theatre tonight.

Tomorrow and Friday one of the most remarkable pictures that has thus far been shown on the screen, D. W. Griffith's Artercraft photoplay, "The Greatest Thing in Life," with Lillian Gish in the stellar part, will be presented.

The war has swept over a French village in which a young French-American girl, Jeanette Peret, the character portrayed by Lillian Gish is living with her father. Hammered by the death storm from the great guns, they have taken refuge

in an underground dugout.

As the French are leaving, pressing back temporarily by the Huns, a French officer shows Jeanettes father how the water jar opens with a secret spring and discloses a telephone.

"When the Huns come," the lieutenant tells the old man, "You can serve France by using it."

The old man tries his best to send the message but he is wounded and his daughter undertakes to send it. With the Huns pounding at the door, killing and slaughtering as they come, the girl takes up the field telephone. At first no one will answer.

At last, when it seems as though her heart must burst, a voice comes at the other end of the telephone. It is the voice of the fastidious, dandified young lover from America whom she had flouted. That faroff "hello" heard through shot and shell means more to her than the hope of rescue from the beasts who are beating down her door; it means that the man she loves has found his soul in the muck and glug of the trenches.

New honors await Miss Gish when this vivid and wonderful emotional scene is presented to the public. She is splendidly supported, her leading man being Robert Harron, an actor of ability and wide popularity. Saturday Harry Morey in "Hoarded Assets," will be shown.

SUES FOR \$300 DAMAGES

The tax has been levied and the taxpayers will pay—so why not oil the streets before the dust begins to fly.

The Health Crusade

Every child in the lower grades of the Rushville schools is being given the opportunity to earn a mediaeval title, such as knight, page or squire, in the health crusade which is being conducted here through the co-operation of the American Red Cross with National Tuberculosis association.

The campaign is designed to improve personal health and community sanitation, and teachers report that the end desired is being attained in most cases. Children are said to be working like Trojans in their efforts to win the title in prospect, and in the meantime habits that are invaluable in making them healthy humans, ready for the battles of life, are being instilled into them and made a part of their very being. Nothing more commendable has ever been attempted in the public schools and it merits all the support which

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "foggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 40c and 25c a box. All druggists.

school teachers and school officials can give it.

"Health Chores" faithfully performed for two weeks entitle any school child to enter the ranks of the Modern Health Crusades as a page. To be a squire, and wear a squire's badge, three weeks of health chores must be added to the two weeks already performed. And fifteen weeks (incidentally sufficient practice to acquire good habits thoroughly) bring the title of knight banneret and a gold pin.

Folders, with a space to check for each chore each day keep the record at home. A roll of Health Knight-hood hangs in the schoolroom, where the names of the candidates are enrolled and their rank indicated by stars as they earn their titles.

The trophies for the victors in the national tournament are pennants presented jointly by the National Tuberculosis Association and the American Red Cross.

Marks of Service

As the soldiers come back it will interesting to distinguish the meaning of the various chevrons which they wear upon their sleeves. We subjoin a list:—

A single red chevron signifies "discharged with honor".

A single blue chevron signifies less than six months' service abroad.

A single gold chevron for each wound received in service is worn on the forearm of right sleeve.

A single gold chevron for each complete six month's service abroad is worn on the forearm of left sleeve.

A single white chevron for each complete six month's service in the United States is worn on the forearm of left sleeve.

There is generally a mere question of opportunity, not of willingness or ability, between these service marks. Often the man who would gladly have served abroad has been retained in this country simply because he has shown superior ability and therefore was better qualified to instruct others. The man who displays any one of the chevrons above described has done his full duty by his country and is worthy of honor.

Secretary of Labor Wilson is quoted as saying that several recent strikes in the United States were not industrial disputes in their origin but, rather, results of "a deliberate, organized attempt at a social and political movement to establish soviet governments in the United States". With the espionage laws giving them almost unlimited power, what have the department of justice and the postoffice Department to say in defense of their failure to cope with this "deliberate, organized attempt" to establish soviet governments? Ole Hanson had no government appropriation nor government espionage law, but he did the work.

In order to keep the league of nations question out of party politics, the chairman of the democratic national committee challenged the

chairman of the republican committee to a discussion of the question.

There are a few people of foreign birth in this country who do not like our government. We can well afford to give them free transportation to their native lands.

An old man, the story goes, planted potatoes and onions in the same hills together. When a drought came the onions were so strong that they brought the tears to the eyes of the potatoes, thus watering the onions. Some of the city home gardeners tried just such stunts last year, but on the whole the gardens were a success. The School of Experience sometimes collects high tuition fees, but after all experience is the best teacher, and the people who made the mistakes in planting their gardens last season are going to profit by those very mistakes this year.

One serious mistake made by many city gardeners was planting too great a variety of vegetables in a small space, with consequent crowding and poor growth. It is much better for the gardener whose space is limited to plant a comparatively few kinds of vegetables, not more than ten or twelve out of a possible fifty or sixty.

Digest of New Indiana Laws

By Charles Kettleborough.

German Language—The German language was completely eliminated from the curriculum of the elementary school of the state by two separate acts which were approved on February 25 and March 13, respectively. The act of Feb. 25 which became effective on the date of its passage, requires that all instructions given in the elementary school of the state including private, parochial and institutional schools must be in the English language and the teaching of German in all elementary schools is expressly prohibited. The act of March 13 amends the act of 1907 which prescribes the subjects included in the high school curriculum and provides that the languages taught in the high school shall include "Latin or any modern foreign language, except German". The high school act will not be in effect until the governor issue his proclamation.

Shot Firers—From and after April 1, 1919 the operators of all coal mines in which coal is blasted in which more than 10 miners are employed where more than two pounds of powder is used for any one blast and mines in which gas exists in dangerous quantities are required to employ shot-firers to inspect and fire all shots. The shot firers employed must be practical and experienced miners and the operator is the sole judge of their qualifications and may discharge any firers without interference of the miners. Each day after completing their work shot firers are required to post a notice indicating the number of shots fired and designating the room and entry in which shots are not fired and they are further required to keep a daily permanent record exhibiting the number of shots fired the number of shots failing to explode and the number properly prepared. Shot firers are not permitted to begin work until all miners except the necessary helpers are out of the mine.

FORGERIES ADMITTED BY JAMES R. DEPREZ

Shelby County Man Confesses He
Conspired With Cashier of
Flat Rock State Bank

SUM AMOUNTED TO \$16,000

Shelbyville, Ind., Mar. 26.—James R. DePrez testified in circuit court here yesterday that he and Louis Covey, cashier of the state bank at Flat Rock, had conducted a series of forgeries since Oct. 1917. DePrez is under indictment jointly with Covey, charged with forgery. His confession caused a sensation in the court room. The state used DePrez as a witness for the prosecution of Covey.

DePrez became bankrupt last August and at the same time was placed under arrest for forgery. He implicated Covey, one of the most prominent men of Washington township.

DePrez was charged with forging notes to the extent of about \$16,000 all of which were cashed at the Flat Rock State bank.

DePrez testified that he and Covey always used the names of farmers doing very little business at the bank, and when the notes came due would cover them with a larger amount. He stated that the note on which Covey is charged with forgery was signed by Covey with his left hand.

FALL OUT WINDOW; UNHURT

Columbus, Ind., Mar. 26.—The 2-year-old son of Mr. and Mrs. Charles Allison fell from a two-story window to the ground at his home here yesterday. The child jumped up and ran back into the home, none the worse for his sudden tumble.

Members of the cast of the 27th Division's famous theatrical production, "You Know Me, Al", worked under shell fire with the Red Cross when the 27th helped to break the Hindenburg line.

NOTICE

Of the Filing of a Petition for the Improvement of a Highway in Rush County, State of Indiana.

Voorhees Carvill et al. Highway.
Notice is hereby given, that a petition addressed to the Board of Commissioners of Rush County, State of Indiana, signed by more than fifty freeholders and voters of said County, and praying for the improvement of a highway wholly in said County was filed in the office of the Auditor of said County on the 24th day of March, 1919, and the said Auditor then and there designated by endorsement thereon, the 19th day of April, 1919, being a day in a regular session of the said Board of Commissioners and not more than thirty days after the filing of such petition as the day upon which said petition shall be presented to said Board.

That said petition is for the improvement of a highway under an Act of the General Assembly of the State of Indiana, approved March 11th 1919, known as the County Unit Law; that the matter to be considered at such hearing is whether said petition is in due form and sufficient in substance to order such petition to be spread of record and refer the matter therein prayed for to the County Surveyor, in accordance with the provisions of said act; that the beginning, course and terminus of the proposed road and improvement are as follows:

Beginning at the intersection of the section line between sections 4 and 5, Township 15 North, Range 10 East, and the Rush County line and the Henry County line and running thence in a southerly direction along and over highway on the section line between sections 4-5-9-10-11, Township 15 North, Range 9 East, to the southeast corner of the southwest quarter Section 17, Township 15 North, Range 10 East, thence west along and over highway between the sections 17-20, Township 15 North, Range 10 East, to the northwest quarter corner of the east half of the northwest quarter of Section 20, Township 15 North, Range 10 East, thence in a southerly direction along and over highway and along line between west half and east half of the northwest quarter and on line between the east half and west half of the southwest quarter of Section 20, Township 15 North, Range 10 East, to the southeast corner of the west half of the southwest quarter of Section 22, Township 15 North, Range 9 East, thence east on the section line between sections 22, Township 15 North, Range 10 East, and Section 5, Township 14, Range 10 East, to the northeast corner of the west half of the northwest quarter of Section 5, Township 14, Range 10 East, thence south on the line between sections 7-8-17-18-19-20, to the southwest corner of Section 10, Township 14, Range 10, said point being the north terminus of the John H. Power et al. Highway, which is also the south line of Jackson Township, Rush County, Indiana.

That said petitioners recommend that the highway be made forty (40) feet in width; that said highway throughout the course of the proposed improvement, be paved with cement or bituminous concrete to the width of eighteen (18) feet with sufficient berms and ditches at each side thereof, and with such culverts, bridges and other waterways as the Surveyor or Engineer deems sufficient.

Now, therefore, all parties concerned are hereby notified that on the 19th day of April, 1919, at 10 o'clock in the forenoon, or as soon thereafter as the same can be heard at a regular session of the said Board at its office in the Court House of said County, the said petition will be presented to said Board and hearing had thereon, and that any interested party may appear at such hearing and show cause why the request prayed for in the petition shall not be granted.

In Witness Whereof, I, William H. McMillin, Auditor of said County, have signed the above and foregoing notice and affixed thereto the seal of said County, this 24th day of March, 1919. WM. H. McMILLIN, Auditor Rush County, Indiana.

NOTICE

Of the Filing of a Petition for the Improvement of a Highway in Rush County, State of Indiana.

D. C. Buell et al. Highway.
Notice is hereby given, that a petition addressed to the Board of Commissioners of Rush County, State of Indiana, signed by more than fifty freeholders and voters of said County, and praying for the improvement of a highway wholly in said County, was filed in the office of the Auditor of said County on the 24th day of March, 1919, and the said Auditor then and there designated by endorsement thereon, the 19th day of April, 1919, being a day in a regular session of the said Board of Commissioners and not more than thirty days after the filing of such petition as the day upon which said petition shall be presented to said Board.

That said petition is for the improvement of a highway under an Act of the General Assembly of the State of Indiana, approved March 11th 1919, known as the County Unit Law; that the matter to be considered at such hearing is whether said petition is in due form and sufficient in substance to order such petition to be spread of record and refer the matter therein prayed for to the County Surveyor, in accordance with the provisions of said act; that the beginning, course and terminus of the proposed road and improvement are as follows:

Beginning at the intersection of the Highway known as the H. E. Guff et al. Highway, at the east end of Section 33, Township 14 North, Range 11 East, and running thence in a southerly direction along and over said existing highway and through Sections 36-38-39, Township 14 North, Range 10 East and Sections 33-4-5, Township 13 North, Range 10 East, to the end of the section line between sections 13 and 20, Township 13 North, Range 10 East, said highway having an approximate length of seven and one-half (7 1/2) miles.

That said petitioners recommend that the highway be made forty (40) feet in width; that said highway throughout the course of the proposed improvement, be paved with cement or bituminous concrete to the width of eighteen (18) feet with sufficient berms and ditches at each side thereof, and with such culverts, bridges and other waterways as the Surveyor or Engineer deems sufficient.

Now, therefore, all parties concerned are hereby notified that on the 19th day of April, 1919, at 10 o'clock in the forenoon, or as soon thereafter as the same can be heard, at a regular session of the said Board at its office in the Court House of said County, the said petition will be presented to said Board and hearing had thereon, and that any interested party may appear at such hearing and show cause why the request prayed for in the petition shall not be granted.

In Witness Whereof, I, William H. McMillin, Auditor of said County, have signed the above and foregoing notice and affixed thereto the seal of said County, this 24th day of March, 1919. WM. H. McMILLIN, Auditor Rush County, Indiana.

NOTICE OF FINAL SETTLEMENT OF ESTATE.

Notice is hereby given to the creditors, heirs and legatees of Edward Woods, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 27th day of March, 1919, and show cause, if any, why Final Settlement Accounts should not be approved; and said heirs are notified to then and there make proof of heirship and receive their distributive shares. Witness, the Clerk of said Court, this 4th day of March 1919. GEO. B. MOORE, JR., Clerk Rush Circuit Court.

NOTICE

Of the Filing of a Petition for the Improvement of a Highway in Rush County, State of Indiana.

John F. McKee et al. Highway.
Notice is hereby given, that a petition addressed to the Board of Commissioners of Rush County, State of Indiana, signed by more than fifty freeholders and voters of said County, and praying for the improvement of a highway wholly in said County was filed in the office of the Auditor of said County on the 24th day of March, 1919, and the said Auditor then and there designated by endorsement thereon, the 19th day of April, 1919, being a day in a regular session of the said Board of Commissioners and not more than thirty days after the filing of such petition as the day upon which said petition shall be presented to said Board.

That said petition is for the improvement of a highway under an Act of the General Assembly of the State of Indiana, approved March 11th, 1919, known as the County Unit Law; that the matter to be considered at such hearing is whether said petition is in due form and sufficient in substance to order such petition to be spread of record and refer the matter therein prayed for to the County Surveyor, in accordance with the provisions of said act; that the beginning, course and terminus of the proposed road and improvement are as follows:

Beginning at the intersection of the highway known as the Braxville and Indianapolis Road via New Salem and the Rush County and Franklin County line at the east side of Section 9, Township 12 North, Range 11 East, running thence in a northwesterly direction along and over the above mentioned highway and through Sections 9-4-5-31, Township 12 North, Range 11 East, and Section 36-25-26-28, Township 12 North, Range 10 East, to the end of the John F. McKee et al. Highway, said point being near the southwest corner of the southwest quarter of Section 23, Township 12 North, Range 10 East, being about six and one-half (6 1/2) miles in length.

That said petitioners recommend that the highway be made forty (40) feet in width; that said highway throughout the course of the proposed improvement be paved with cement or bituminous concrete to the width of eighteen (18) feet, with sufficient berms and ditches at each side thereof, and with such culverts, bridges and other waterways as the Surveyor or Engineer deems sufficient.

Now, therefore, all parties concerned are hereby notified that on the 19th day of April, 1919, at 10 o'clock in the forenoon, or as soon thereafter as the same can be heard, at a regular session of said Board at its office in the Court House of said County, the said petition will be presented to said Board and a hearing had thereon, and that any interested party may appear at such hearing and show cause why the request prayed for in the petition shall not be granted.

In Witness Whereof, I, William H. McMillin, Auditor of said County, have signed the above and foregoing notice and affixed thereto the seal of said County, this 24th day of March, 1919. WM. H. McMILLIN, Auditor Rush County, Indiana.

Of the Filing of a Petition for the Improvement of a Highway in Rush County, State of Indiana.

Sabert S. Offutt et al. Highway.
Notice is hereby given, that a petition addressed to the Board of Commissioners of Rush County, State of Indiana, signed by more than fifty freeholders and voters of said County and praying for the improvement of a highway wholly in said County, was filed in the office of the Auditor of said County on the 24th day of March, 1919, and the said Auditor then and there designated by endorsement thereon, the 19th day of April, 1919, being a day in a regular session of the said Board of Commissioners and not more than thirty days after the filing of such petition, as the day upon which said petition shall be presented to said Board.

That said petition is for the improvement of a highway under an Act of the General Assembly of the State of Indiana, approved March 11th, 1919, known as the County Unit Law; that the matter to be considered at such hearing is whether said petition is in due form and sufficient in substance to order such petition to be spread of record and refer the matter therein prayed for to the County Surveyor, in accordance with the provisions of said act; that the beginning, course and terminus of the proposed road and improvement are as follows:

Beginning at the intersection of the highway known as the Indianapolis and Brookville Road and the Rush County and Shelby County line, and at the west side of Section 15, Township 14, Range 8 East, and running thence in a southeasterly direction over and along the above mentioned highway and through Sections 15-22-23-24, Township 14 North, Range 8 East, Sections 19-20-22-23-24, Township 14 North, Range 9 East and Section 31, Township 14 North, Range 10 East to a point at the west end of bridge located at the east corner of Section 21, Township 14 North, Range 10 East, said distance being about nine and one-half (9 1/2) miles.

That said petitioners recommend that the highway be made forty (40) feet in width; that said highway throughout the course of the proposed improvement be paved with cement or bituminous concrete, to the width of eighteen (18) feet, with sufficient berms and ditches at each side thereof, and with such culverts, bridges and other waterways as the Surveyor or Engineer deems sufficient.

Now, therefore, all parties concerned are hereby notified that on the 19th day of April, 1919, at 10 o'clock in the forenoon, or as soon thereafter as the same can be heard at a regular session of said Board at its office in the Court House of said County, the said petition will be presented to said Board and a hearing had thereon, and that any interested party may appear at such hearing and show cause why the request prayed for in the petition shall not be granted.

In Witness Whereof, I, William H. McMillin, Auditor of said County, have signed the above and foregoing notice and affixed thereto the seal of said County, this 24th day of March, 1919. WM. H. McMILLIN, Auditor Rush County, Indiana.

Sheriff's Sale.

By virtue of a certified copy of a decree to me directed by the Clerk of the Rush Circuit Court of Rush County, Indiana, in the cause wherein Arvel R. Herkless is Plaintiff and Leander Little and Line Little are Defendants, requiring me to make the sum of (\$96.57) Ninety-Six Dollars and Fifty-seven cents with interest on said decree and costs, I will expose at Public Sale, to the highest bidder, on Wednesday, the 23rd day of April, 1919, between the hours of 10 o'clock a. m. and 4 o'clock p. m., at the doors of the court house of said Rush County, Indiana, following the real estate of Lot No. 156 in H. G. Sexton Heirs' Addition to the town (now city) of Rushville, Indiana.

If such rents and profits will not sell for a sufficient sum to satisfy said decree and costs, I will at the same time and place offer at Public Sale the fee simple of said real estate, or so much thereof as may be sufficient to discharge said decree and costs, and the sale will be made without relief whatever from valuation or appraisement laws.

Ezekiel M. Jones, Sheriff of Rush County.

ORDINANCE NO. 327

An Ordinance to license Billiard and Pool Tables Pigeon Hole Tables and Bowling Alleys. And providing a penalty for the violation thereof and repealing all Ordinances in conflict therewith.

Section 1—Be it ordained by the Common Council of the City of Rushville, Indiana, that every person, firm or corporation that shall keep, or keep for use by others and Bowling Alleys, Billiard Tables, Pool Table, Pigeon Hole Table or any machine or device for sports or games in said city for the use of which a charge is made, or compensation received, either directly or indirectly, without first paying to the City Marshal the sum of ten dollars for the first and five dollars for each additional Bowling Alley, Billiard Table, Pool Table, Pigeon Hole Table, Machine or Device so kept or used and receiving a permit from the Mayor thereof for the term of one year, shall be deemed to have violated the ordinance thereof be fined and forfeit to the said city any sum not to exceed twenty-five dollars for each day such person, firm or corporation continues to keep, or keep for use or allow others to use such alleys, table, machine or device, without having a permit as herein provided. Section 2—All ordinances in conflict herewith are hereby repealed. Section 3—This ordinance shall be in full force and effect on and after its passage and publication according to law. Mar26-Apr2-9

North East West South

Supposing that, beginning tomorrow, all the newspapers are discontinued. What a furore the public would make. "News! News! We must have news or we will be no better off than the ancients." "All right, suppose we give them news but cut out the advertisements."

Then we would discover that politics, the doings of society, notices of fires, accidents, deaths, scandals, sports, the activities of the police and criminals add little or nothing to the real comfort and happiness of this greatest age in the world's history.

What geni are they that have crowded the last fifty years with so much of advantage to humans? They are legion in number, but not least among them is Advertising.

Our day is the greatest time the world has seen because we have more to be happy with, better things, greater variety, greater comforts gathered together from the North East, West and South for our choosing and selection. Look about you. This is the day of better food, better homes, better clothing, better babies, better health better business. And advertising is the instrument that makes these better things possible.

Advertising is the NEWS of all the booms, of all the furnaces, of all the laboratories, of all the shops, of all the stores, of all the world and all working for you.

Because of advertising, luxuries and necessities that once cost a king's ransom are yours at little prices. Advertising pits merchant against merchant, artisan against artisan, producer against producer, for your benefit, forcing out the best there is in everything and telling the world about it.

Read advertising. Keep abreast of today. Advertising furnishes you with facts and opportunities that you would otherwise never know.

NOTICE

Of Filing of Petition For Improved Highway

John A. Nelson et al. Road.
Notice is hereby given that a petition signed by John A. Nelson et al. for improvement of a certain highway has been filed in the office of the Auditor of Rush County, Indiana, which petition sets out the course, the beginning and termination of said highway and the character of the improvement recommended by the petitioners, which petition is in words and figures as follows, to-wit:

State of Indiana, Rush County, ss: To the Board of Commissioners of Rush County, State of Indiana: We, the undersigned petitioners being freeholders and voters of the county of Rush and State of Indiana, do hereby respectfully petition your Honorable Board and pray that a certain public highway already established and existing and lying in Rush County, State of Indiana, be graded, drained and paved with broken stone with a top layer of gravel or gravel binder.

The beginning course, distance and terminal of said highway to be improved is described as follows, to-wit: Beginning in the center of the public highway running north and south, west corner of Section 19 and the south line of Section 21, Township 13 North, Range 10 East, and at the southeast corner of Section 16, Township 14 North, Range 9 East; thence west on the public highway on the line dividing Sections 16, 17 and 18 from Sections 19, 20, 21, Township 14 North, Range 9 East to a point in the center of the Arlington and Carthage free gravel road at a point near the northwest corner of Section 19 and the south line of Section 14, Township 14 North, Range 9 East, all in Rush County and State of Indiana, following the present public highway throughout its entire length.

Said road being 3 miles in length. The width of said highway shall be thirty feet. Said road should be drained, graded and paved with broken stone to the width of fourteen feet to the depth of eight inches in the center and six inches on the sides, and the top dressed with five inches of gravel in the center and three inches at the sides.

Your petitioners further represent that the grading, paving and drainage of said proposed highway will be of public utility, and your petitioners will ever pray.

Said petition will be presented to the Board of Commissioners on the 19th day of April, 1919, at the office of the Board of Commissioners at the Court House in Rushville, Indiana. The matter to be heard is the question, shall said petition be docketed and is said petition sufficient in substance and form, and any interested person may at said time appear and show cause why said request prayed for shall not be granted.

WM. H. McMILLIN, Auditor Rush County, Ind. Mar26-Apr2

NOTICE

Of the Filing of a Petition for the Opening, Changing, Grading and Draining of a Part of Two Highways in Rush County, State of Indiana. And the Vacating of a Part of a Highway in Rush County, State of Indiana.

Jesse Havens et al. Highway.
Notice is hereby given that a petition, signed by Fifty Voters and Freeholders of Rush County, Indiana, directed to the Board of Commissioners of Rush County, Indiana, for the opening, changing, grading and draining and paving with crushed stone, a part of two highways in Rushville Township, Rush County, State of Indiana, and for the vacating of a part of a highway in Rushville Township, Rush County, State of Indiana.

That on the 19th day of April, 1919, said petition will be presented to the Board of Commissioners of Rush County, Indiana, in what is known as the Commissioners Room of the Rush County Court House in the City of Rushville, Rush County, Indiana, consider said petition, and will at the same time and place, hear and consider all interested parties of the said Rush County, Indiana, who shall appear at said

time, and show cause why said petition should not be granted.

That said Highway to be opened, changed, graded, drained and paved are described as follows, to-wit:

Commencing at a point at the northeast corner of the northeast quarter of Section 20, Township 13, Range 10, at a point in the center of what is known as the Lien Oneal Highway, where the said Lien Oneal Highway intersects with what is known as a Township Road, thence south on the section line between sections 20 and 21, Township 13, Range 10, a distance of about one hundred and twenty rods, at which point said highway turns to the west, and at which point your petitioners would ask that said road be extended on and over the following described real estate:

Commencing at a point in the center of what is known as a Township Road, which point is about One Hundred and Twenty Rods south of the northeast corner of the northeast quarter of Section 20, Township 13, Range 10 on the section line dividing Sections 20 and 21, Township 13, Range 10, thence south on the section line between sections 20 and 21, Township 13, Range 10, thence south on the section line on and over the lands of Augustus Winslip, it being in Section 20 and 21, Township 13, Range 10, thence south on the section line on and over the lands of Seth Moore in Section 28 and 29, Township 13, Range 10, and on and over the lands of said Charles Moore in Section 26, Township 13, Range 10, to a point where the same will intersect with what is known as the Albert L. Winslip free gravel road.

Also commencing at a point which is about one hundred and sixty rods south of the northeast corner of Section 20, Township 13, Range 10, in the center of the highway above petitioned, thence west on and over lands of Jennie Budd and Augustus Winslip in Section 20, Township 13, Range 10, to a point where the same will intersect with what is known as a Township Road on adjacent to the half section line of Section 20, Township 13, Range 10; thence west on what is known as a Township Road on or adjacent to the half section line, to a point where the same will intersect with what is known as the Winslip Free Gravel Road at the northwest corner of the south half of Section 20, Township 13, Range 10.

That said Highway to be opened, improved, graded, drained and paved with crushed stone as follows:

To the width of thirty feet, and that said roads should be paved to the width of fourteen feet.

That the total length of said Highways are about three miles.

Witness my hand and seal this 24th day of March, 1919. WM. H. McMILLIN, Auditor of Rush County.

NOTICE OF FINAL SETTLEMENT OF ESTATE.

Notice is hereby given to the creditors, heirs and legatees of Elizabeth C. Phelps, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 10th day of April, 1919, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 18th day of March, 1919. GEO. B. MOORE, JR., Clerk Rush Circuit Court. Mar19-26-Apr2-9

NATIONAL ROAD TO BE PAVED BY STATE

Governor Goodrich Announces Highway Commission Will Improve Highway Cutting Indiana

WILL BE DONE THIS SUMMER

Indianapolis, Ind., Mar. 26.—Reconstruction and the paving of the National road from the state line, a few miles east of Richmond, to Terre Haute, will be the first great road building project to be undertaken this summer under the combined supervision of the newly created State Highway Commission and the Federal government, according to Senator Luke W. Duffey, member of the good roads committee of the Chamber of Commerce and author of the new law creating a state highway commission.

Mr. Duffey made this announcement, he said, after a conference with Governor Goodrich, during which, he said, the Governor made known his intention of making the National road improvement the first unit of a great system of main market highways.

RICHMOND HERE TONIGHT

The Richmond bowling team will meet a Rushville team at the local alleys tonight. Rushville is anxious to make amends for the defeat here a few weeks ago. Shelbyville won two out of three games from Rushville here Monday night, the locals taking the last game by about fifty pins.

TRADING STAMP EVIL MAY AGAIN THRIVE

Supreme Court Holds State Law, Providing For a Prohibitive License, Unconstitutional

REVERSES DECATUR COURT

The trading stamp evil, which was put out of business in Rushville by a law passed by the state legislature of 1915, which placed a prohibitive license on the business, may again be engaged in, according to an opinion of the Indiana supreme court, which yesterday held the law unconstitutional.

The supreme court reversed the Decatur circuit court for convicting the Sperry & Hutchinson company for selling trading stamps without a license as provided by law. The higher court held that the act was in conflict with fourteenth amendment to the Federal constitution, which provides that the right of any citizen or corporation to engage in legitimate business can not be denied. It also held that a trading stamp company "is a proper and honest business enterprise within the meaning of Sec. 1, Art 1 of the state constitution."

It was pointed out that the act was discriminatory inasmuch as companies that sold trading stamps were called upon to pay a license of \$1,000 for each dealer using their stamps. This license fee prohibited the operation of such companies. On the other hand manufacturers of products were permitted under the act to issue trading stamps or other evidences for premiums or cash rebate.

Knecht's Weatherman will give free to every mother, wife, or sweetheart of a Soldier a Beautiful Oil Painting by James Montgomery Flagg, also see him about the dress of your Son, Husband, or Sweetheart.

Miss Emma Cassady will be hostess for the members of the D. A. R. tomorrow afternoon at her home in North Morgan street.

Mr. and Mrs. John Jordan of North Main street had as dinner guests yesterday Mrs. R. C. Brown and Mrs. Clara Dora of Glenwood, and Mrs. Ida Shortridge, Miss Stella Shortridge and Wayne Hinchman.

Mrs. Jessie Benner's Bible class of the First Presbyterian church will meet with Mrs. J. R. Carmichael at her home in North Main street Thursday afternoon at two o'clock. All ladies of the church are invited.

Mrs. Walter Easley was hostess for the Five Hundred club last evening at her home in North Perkins street. The guests spent the evening over the four card tables and at the close of the evening luncheon was served.

Miss Frances Frazee entertained the members of the Psi Chi sorority last evening at her home in North Main street. After the business session, at which time many plans were discussed, the hostess served a delicious luncheon.

The Pastor's Aid society of the Main Street Christian church met yesterday afternoon in the parlors of the church. The afternoon was devoted to a business session at which time the members discussed many questions related to the society.

The meeting of the Shakespeare club which was indefinitely postponed a few weeks ago will be held with the Misses Nora and Mary Sleeth at their home in West First street Thursday evening at 7:30 o'clock. The lecture will be given by Prof. Jenkins, of Indiana university the subject of which will be "Russia."

Mrs. Merrill Ball, assisted by Mrs. F. J. Eshank and Mrs. W. V. Brown, entertained the members of the Ladies Aid Society of the M. E. church yesterday afternoon at her home in North Morgan street. The

afternoon was devoted to a business meeting at which time they decided to hold a penny supper on Friday evening, April 4. After the session light refreshments were served.

The Martha Poe Chapter, No. 143 O. E. S. had a call meeting last evening at which time the grand matron, Mrs. Georgia Bardsley, of Sheburn, Ind., inspected the degree work of this chapter. From 4 to 6:30 p. m. the members of the lodge gave a reception for Mrs. Bardsley which was followed by a banquet before the inspection work took place.

Members of the Catch-My-Pal class of the First Presbyterian Sunday school were entertained last evening at the home of their teacher Mrs. John Boyd, in Circleville. At the business session the members decided to hold an exchange on Saturday, April 5. After the session the guests enjoyed the evening socially and dainty refreshments were served by the hostess.

The Sorosis club enjoyed a very interesting program yesterday afternoon given by members of the club at the home of Mrs. C. M. George in North Main street. The program was as follows: The responses were "Items of Peace;" Paper by Miss Doris Saxon, "What a Man Owes a Lump of Coal;" Paper by Mrs. C. M. George, "Silk Industry;" Mrs. Elmer Caldwell gave a talk on "The Missions at San Antonio, Texas." Two members were taken into the club yesterday by the president, who were the Misses Sadie Scholl and Marian Fry. The guests were Mrs. Will Smith and Mrs. Cary Jackson. After the interesting program a two course luncheon was served.

"A Bum Bone," Nestor Comedy, with Bytett Schade and Albert MacQuarrie

Could I but be the beau she tied, New York, March 26.—Of course it's humiliating and prosaic to be tied to a pair of apron strings; but what better fate could a mere man ask than to be attached to the kitchen floating strands of the gorgeous ribbon sashes fetching females are now all wrapped up in.

A frock without a sash these first Spring days is like a julep without course, we'll find that just a mere detail, but at present it's the details that count. A sash is just that right piquant detail that breaks the plain dark length of line with a splash of color and adds savor and flavor to a frock. Really, a waist without a sash is not a waist of the times, but a waste of time.

Wonderful in coloring and design are the wide ribbons offered to sash femininity. They are irresistible and it is no wonder Dame Fashion is all enmeshed in their coils.

The lustre of metallic threads

plays a bright part in the warp and woof of them and the gay Bayaderes of the old Roman sashes turn most any dark gown into a veritable Roman holiday. Usually on dark toned satin or taffeta dresses, navy, black or taupe, the gay hued sashes tie up to the greatest advantage but a rose pink taffeta evening gown.

"The Greatest Thing in Life"

An ARTCRAFT Picture

worn in "Up in Mabel's Room," is one of the most effective sash dresses of the season. The regulation draped pink taffeta skirt it tight at the feet and puffed out over the hips. The bodice, which is too slight for honorable mention, is joined to the skirt by the wide crush of a backgrounded ribbon strewn with red and yellow roses shot with silver. This ribbon sash is knotted in the back and one long end falls and trails on the floor in the form of a train.

Of course, if you own a really old sash of your childhood days, it is much classier than the newest imitating ribbons. A lucky debutante was the envy of all beholders the other day, sporting a charming old sash of her mother's youth. It was of yellow satin, chenille fringed and embroidered on each end with rosebuds and forget-me-nots in chenille. She wore it with a smoke grey Georgette dress.

Chenille fringe for the sash ends is particularly smart and long chenille tassels are also effective.

Apropos of getting out your old sashes you'd better shake the lavender out of your old lace collars at the same rummaging.

The exquisite ivory tint of a cob-

webby real old lace collar is the last word in perfection to top off the black satin draped gown that is the necessity of Everywoman's Spring wardrobe. It makes no difference what shape or kind your collar is, just so it is hand-made of course, and a bit yellowed with age.

A clever dressmaker who wishes to get the best effect out of some lovely old lace collars which thread their most fascinating designs in the rather stilted form of a deep sailor collar has hit upon the happy idea of turning the collars completely around and letting the erstwhile deep rear sailor effect drop down in front, in a quaint bibbish manner. The result is most artistic and suggests that if we are going to turn backwards for our fashions we may as well turn some of them frontwards, to even things up a bit.

IS GIVEN THE MINIMUM

Ed Tyner Fined \$100 and Jail Sentence is Suspended.

Ed Tyner was fined \$100 and costs and given a thirty day jail sentence late yesterday afternoon in Mayor Irvin's court. The jail sentence was suspended, however. The sentence and fine were the min-

imum for possessing and disposing of intoxicating liquors under the prohibition law. Tyner said that he did not give Tom Worthington any whiskey but gave him Jamaica ginger. Worthington testified that he did not drink the ginger but was given whiskey. Mr. Tyner paid the fine and costs immediately after it was assessed.

It is indeed hard to stand at one side while the stream of life flows by. A man or woman condemned to sickness that does not permit him or her to perform the active duties of life, to do his or her share of the world's work, is a pathetic figure deserving of sympathy. Much sickness, pain and misery result from disordered kidneys and bladder. Failure of the kidneys to do their work properly and filter impurities out of the blood leads to rheumatic pains, backache, sore muscles, stiff or swollen joints, puffiness under eyes, floating specks, biliousness, bladder weakness, nervousness, or other symptoms of kidney trouble.

Foley Kidney Pills

are effective in removing the cause of the trouble for they strengthen and invigorate weak or deranged kidneys and help them to normal functioning so that the blood stream is purified and the cause of disease removed.

F. M. Platte (Brakeman), Sec'y, Switchman's Union, 518 Blaine St., Peoria, Ill., writes: "Two bottles of Foley Kidney Pills relieved all symptoms of my kidney and bladder trouble, stopping the backache and pains, correcting the kidney action, clearing secretions. I am also free from dizziness and floating specks before my eyes. Foley Kidney Pills cured me."

All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never cure you.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs.

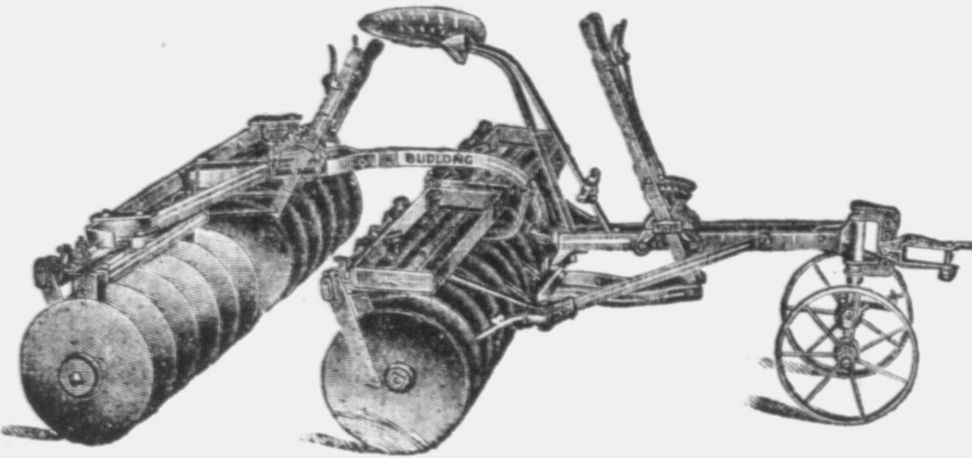

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface.

To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

S. S. S. is sold by all druggists. If you wish medical advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. B, Atlanta, Ga.

Janesville Tandem Disk Harrow

THE Budlong Harrow is the only harrow we know of in which the bearings do not cramp while the machine is working. This freedom in the bearings means light draft and flexibility in the whole harrow. This allows the Budlong to make use, in a natural way, of all of its penetrating qualities to thoroughly pulverize the soil under the most trying conditions.

The rear harrow is built like a bridge and no manner of hard work will ever force this harrow to buckle in the middle.

Its Backbone Is as Rigid as a Concrete Arch

The trailer steadily holds its place back of the Budlong, whether used on side hills or on the level, on account of the way it is attached to the front harrow.

The same material used in all Janesville machines is found in the Janesville Tandem. Made in sizes from four to ten feet with sixteen-inch blades.

We looked them all over and felt our trade and local conditions would be best served by this Janesville model. Compare notes with us before you buy.

C. H. (Nick) TOMPKINS

Horses and Mules

The majority of horses and mules that are out of condition are traceable to worms and indigestion, while worms are very common to colts and young horses. ACME WORM BOUNCER will rid your horses and mules of worms and improve their condition. When preparing your horses and mules for spring work feed them a tablespoonful of

two or three times a day. They will shed better, eat better and do better. When fitting your horses for market, feed ACME WORM BOUNCER—Nothing equal to it.

GLAD TO PAY

AMERICA'S IMMORTALS

SAMUEL WOODFILL,
First Lieutenant, Company M,
60th Infantry.

Three acts of conspicuous daring in one day near Camel, France, October 12, 1918, won the Distinguished Service Cross for Lieut. Woodfill. While he was leading his company against the enemy his line came under heavy machine gun fire, which threatened to hold up the advance. Followed by two soldiers at twenty-five yards, this officer went out ahead of his first line toward a machine gun nest and worked his way around its flank, leaving the two soldiers in front. When he got within ten yards of the gun it ceased firing and four of the enemy appeared, three of whom were shot by Lieut. Woodfill. The fourth, an officer, rushed at Lieut. Woodfill, who attempted to club the officer with his rifle. After a hand-to-hand struggle, Lieut. Woodfill killed the officer with his pistol. His company thereupon continued to advance until shortly afterward another machine gun nest was encountered. Calling his men to follow, Lieut. Woodfill rushed ahead of his line in the face of heavy fire from the nest, and when several of the enemy appeared above the nest he shot them, capturing three other members of the crew and silencing the gun. A few minutes later this officer, for the third time, demonstrated conspicuous daring by charging another machine gun position, killing five men in one machine gun pit with his rifle. He then drew his revolver and started to jump into the pit when two other gunners only a few yards away turned their gun on him. Failing to kill them with his revolver, he grabbed a pick lying near by and killed both of them. Inspired by the exceptional courage displayed by this officer, his men pressed on to their objective under severe shell and machine gun fire. Lieut. Woodfill is married and lives at 167 Alexandria Pike, Port Thomas, Ky.

Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine. It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Rushville Daily Republican.—(Adv.)

Knecht's Weatherman will give free to every mother, wife, or sweetheart of a Soldier a Beautiful Oil Painting by James Montgomery Flagg, also see him about the dress of your Son, Husband, or Sweetheart.

AMERICAN PEOPLE READY TO COMPLETE THE JOB

Victory Liberty Loan Must Succeed to a Degree in Keeping With Success of Former Loans.

By **CHARLES H. SCHWEPPE,**
Director of Victory Liberty Loan Campaign, Seventh Federal Reserve District.

Despite the fact that hostilities have ceased and preliminary steps to the signing of a peace treaty have been taken, our big war job is not finished. The job will not be completed until the war bills are paid and the slate of the nation is clean. Those of us who remained on this side of the water still have work to do to polish off the great victory won by our soldiers and sailors, and the work before us is as patriotic and essential as that already accomplished.

The Victory Liberty Loan must succeed to a degree in keeping with the success of the four previous loans. This success can be attained only through the efforts and enthusiasm of the entire people. Liberty Loan organizations must put into their efforts the same vim and fire that characterized their work in the previous loans. The people must do everything within their power to aid the organizations in performing the task that is as much theirs as in the time when the nation was warring.

The spirit of thanksgiving should permeate the American atmosphere—should dominate the heart of every citizen, for if it had not been for the extensive preparation to fight the central powers until victory perched upon our banner the war would have been prolonged indefinitely, with a consequent loss of thousands of lives that otherwise were saved to us when the German general staff acknowledged the futility of continuing the struggle for world domination. The great victory was achieved very largely through the shells that were never exploded, through the soldiers that did not go across, and through the general preparations in other directions. The American people can give expression to their thanksgiving by subscribing to the limit of their ability in making the Victory Liberty Loan an overwhelming success.

The fullness of the great victory will not be realized until the war bills are paid and all the boys brought home. The expenses of the war have been huge, but America set out to win the war at any cost, and now, with victory secure, the American people stand ready to complete the job assigned to them—providing the money necessary to win the victory.

—HELP "FINISH THE JOB."—

86 TOTAL NUMBER OF CASUALTIES FOR TODAY

Only Four Indiana Men are Reported by The Commanding General of The A. E. F.

38 ARE DEAD OF DISEASE.

Washington, Mar. 26.—The following casualties were reported today by the commanding general of the American Expeditionary Forces: Killed in action, 4; died from wounds, 7; died of disease, 38; died in airplane accident, 1; died of accidents and other cause, 13; missing in action 5; wounded severely, 18; total, 86.

One Man Cultivates 20 Acres a Day with the New

It Solves The Farm Help Problem

Due to its high clearance, 29 1/2 inches, the Moline Universal Tractor is perfectly adapted for cultivating, enabling one man to cultivate corn or other row crops, two rows at a time, at the rate of from 14 to 20 acres a day.

The Moline Universal attaches direct to the cultivator, and forms a compact unit with it that is controlled from the seat of the implement, where the operator must sit to do good work, dodging individual hills by shifting the cultivator gangs with his feet.

The position of the operator directly behind the right wheel of the tractor gives him an unobstructed view ahead. All he has to do is to keep the right wheel of the tractor a certain distance from the outside row and the whole outfit will go properly.

An electrical governor permits the engine to be slowed down to a snail's pace for turning at the ends of rows, or for cultivating the first time over.

The outfit is easily stopped, backed or turned, and does less damage in turning than horses.

The cultivator has many features which make its operation extremely easy and effective. All who have operated this outfit express surprise and delight at the ease and simplicity of operation.

Cultivating, however, is only one of all the farm operations the Moline Universal can do. It is light, but has more than enough power to pull two 14-inch plow bottoms at high speed, because all its weight is available for traction. The Moline Universal works to full capacity throughout the entire year. That's why it really replaces horses and enables one man to farm more land than was ever before possible. It is the universal tractor that does all farm work and solves the farm help problem.

There are many other features of this machine that will interest you.

NOTICE OF ELECTION

A meeting of the stockholders of the Rushville Co-operative Telephone Company will be held in the sheriff's office of the court house in the city of Rushville, Indiana, at 7:30 p. m. Friday April 11, 1919, for the purpose of electing a board of directors and the transaction of

BILLION DOLLARS TO REBUILD RHEIMS

Total Cost of Restoring City is Estimated at Five Billion Francs

CONSTRUCTION COMMENCING

Twenty Different Complete Plans Are Submitted by Architects For Reconstruction

By HENRY WOOD
(U. P. Staff Correspondent.)

Rheims, France, March 5. (By Mail.)—The total cost for the reconstruction of Rheims, according to estimates just completed, is placed at five billion francs, or \$1,000,000,000.

This is the figure of the indemnity which the Germans imposed on France at the end of the Franco-Prussian war and which they then considered sufficiently large to ruin France, commercially and industrially for years to come.

In spite of this terrific cost, due in part to the increased cost of building materials resulting from the war, Rheims is losing no time rising from its ruins. For the reconstruction of the city twenty complete plans have been submitted by leading architects of Paris, Rheims and other French cities. No one plan will be adopted but the city will pick out of each the features that seem the most desirable, and arrive at a final plan which will be approved by the city council.

Amongst the details already decided upon are big, broad streets for

Legal notices will be found on page 5 today.

such other business as may come before the meeting. M. V. Spivey, Secretary. Dated March 18th, 1919. Mar. 18, 19, 21, 24, 26, 28. Apr. 2, 4, 7, 9, 11.

NOTICE

the principal arteries; workingmen's quarters, with gardens, and three series of boulevards, like those of Paris and Brussels, forming complete circles, there being one inner circle of boulevards, then a middle circle and finally an outer circle.

It has also been decided that the buildings encircling the cathedral, nearly all of which are now in a complete state of demobilization, will be cleared out entirely in order that the cathedral may occupy a vast open square where all of its beauty may be seen from any point.

WEAKNESS REMAINS LONG AFTER Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren. Here it is: Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux. Vomica; Powdered Gentian; Phenolphthalein; Oleoresin Capsicum. Kolo.

JOB FOR FOURTH MEN DISCHARGED

Employment Services Finds Positions For 57,000 Returned Soldiers During February

BETTER SHOWING IN MARCH

Welfare Organizations Co-ordinate Campaign in Behalf of the Discharged Men

Indianapolis, Ind., Mar. 26.—Fifty-seven thousand jobs were found by the United States Employment Service, for discharged soldiers, sailors and marines during the month of February, according to official figures received at the office of L. C. Huesmann, State Labor Director, from Washington, today. This represents approximately 22.8 percent of the men discharged.

For the week ending March 1 an even better showing was made, 18,000 of the 52,000 men discharged, or 34.6 percent being placed in satisfactory jobs.

Announcement of plans for listing discharged men as they embark from France and who desire the assistance of the Service in finding jobs, was conveyed in a bulletin from Washington. This fact is of special interest to Indiana, inasmuch as a large number of Indiana soldiers who were in the important engagements of the war, are reported as about ready for sailing from France for their homes.

The purpose of the War Camp Community Service to assign a number of its experienced and skilled men to the special task of assisting the service in finding work for discharged men, in addition to the co-operation that has been given was followed by a similar statement of purpose from national headquarters of the Knights of Columbus and Red Cross.

In Indianapolis and in a number of the larger communities of the state, these welfare organizations have coordinated their campaign in behalf of discharged men and are working through the established offices of the Employment Service.

Information and advice as to the need for help in the western wheat field, and the opportunities and wages there, will be provided to all interested, during the coming har-

Saturday is the Last Day to Save from \$10 to \$30 on Your Heating System

Saturday is positively the last day on which we can accept contracts for the installation of the genuine Round Oak Moistair Heating System on our special 10-day offer.

Sales have fully justified this campaign. Our men are booked ahead, without waste of time or effort.

We are enabled to contract for a large shipment of heating systems, registers, and fittings and receive the quantity benefit in price. Our selling cost has been reduced during this period, the

last day of which is SATURDAY, MARCH 29th. That's why you can save money.

Not only may you have this immediate saving but with the correct installation of a Round Oak Moistair Heating System, you safeguard the health and comfort of your family—for more than a generation.

This is the heating system that circulates pure, warm, every-changing air, free from dust, gas and smoke—properly humidified.

It is the one heating system we believe which will satisfy you, year in and year out, for the next twenty-five or thirty-five years.

Remember, there is but one Genuine

Round Oak Moistair Heating System

The Only Heating System That Automatically Ventilates and Humidifies

Why wait until Saturday? Something may intervene to make your visit impossible—come to-day, now!

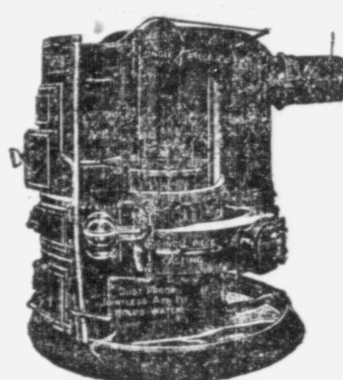

Our Heating Engineers will gladly advise you, quite without obligation, with regard to your particular problem.

The Round Oak Heating Engineers will draw up, free, a blue print showing the scientific installation of one of these heating systems for YOUR home.

In addition to the immediate money saving, remember, there is also a yearly saving in fuel bills, because of improved construction and extra weight of the Round Oak Moistair Heating System. Investigate—if possible today.

JAMES FOLEY

Read the full-page Round Oak ad in March 15 Literary Digest and Saturday Evening Post

6 Star Points of Round Oak Supremacy

- ★ **HEALTH** Patented, automatic humidifier, keeps the family more healthy. Prevents furniture from drying out.
- ★ **COMFORT** Circulates balmy, warm, moist air, permanently free from dust, gas and smoke.
- ★ **ECONOMY** Long, indirect fire travel forces "most powerful radiation of heat; deeper fire pot, improved efficient hot blast, and oversize combustion chamber combined; guarantee most perfect combustion with maximum heat from minimum fuel.
- ★ **CONVENIENCE** Single regulator conveniently located, controls entire system. Large seamless ash pit fitted with sprinkler, prevents dust. Easy to operate. Burns all fuels.
- ★ **DURABILITY** All iron is daily tested chemically and physically. The tens of thousands in use, many for more than thirty years, prove conclusively Round Oak Super-Service.

LT. COYNE COMING HOME

Relatives here received a cablegram yesterday from Lieut. Ivan Coyne who is stationed at Lemans, France, stating that he expects to return some time in April. Lieut. Coyne made arrangements to come home at this time on account of the serious illness of his wife, Mrs. Coyne, of typhoid fever.

FRANKLIN BANKER EXPIRES

Franklin, Ind., March 26.—E. P. Ervin, 75 years old, president of the Farmers Trust Company in this city died at his home here yesterday. About a year ago Mr. Ervin was injured in an automobile accident, which was largely responsible for his death. He fought in the civil war.

vest season through the offices of the United States Employment Service, it was announced today. Annually there have been numerous appeals from Kansas and other wheat growing states for harvest hands, and many men have been disappointed upon applying through private employment agencies. The result was a sacrifice both of time and money, that did not benefit either the prospective harvester or the farmer who was said to be so seriously in need of help. The Service will endeavor to prevent a labor shortage in the wheat section, but will guard also, against unwarranted emigration from other parts of the country, where there may be a relative shortage of workers.

TWO AVIATORS ARE KILLED

Lawton, Okla., Mar. 26.—Lieut. Hiley C. Hyde of Columbia, Mo., and Cadet William M. Crabtree of Jamestown, N. D., were instantly killed yesterday when the airplane in which they were flying fell into a wheat field, half a mile south of Lawton.

REPORT REVIVES POOR FARM TALK

Grand Jury Again 'Emphatically Recommends' Erection of New Building by Commissioners

RETURNS 15 INDICTMENTS.

Sale of Part of Land And Use of Proceeds to Make Improvements is Advocated

The grand jury this morning reported fifteen indictments and made its usual suggestions regarding the unsanitary condition of the county poor farm, emphatically recommending the erection of a new building.

It was not expected that any arrests would be made in the indictments today.

For several years every grand jury has made the same recommendation regarding the county poor farm, but the county commissioners have not yet seen fit to ask the county council for an appropriation. The county board of charities has also condemned the dwelling at the county farm.

It is known that the commissioners have been urged to sell some of the land at the poor farm and use the proceeds to erect new buildings. Those advocating this plan say that enough money could be realized from the sale of part of the farm to make the necessary improvements.

The grand jury reported as follows regarding the condition of the jail, court house and poor farm after an inspection of the county institutions:

To the county commissioners:

We would respectfully submit the following with reference to the poor farm dwelling:

1. The fire hazard is great.
2. No adequate heating or lighting system.
3. No hospital equipment.
4. Building unsanitary.
5. No adequate arrangement for segregation of sexes.
6. Very poor dining room and kitchen facilities.
7. No storage room for provisions.

We emphatically recommend that a new building be erected immediately.

Concerning the jail and court house, we have found them being cared for very well with the exception of the jail corridors which should be kept clean and lavatories and commodes should be in the jail.

Respectfully submitted,
EMMETT S. KENNEDY.
GUY ABERCROMBIE.
WILLIAM O. FRAZER.
CHRIS KING.
GUY S. GORDON.
WILLIAM GATEWOOD.

The county owns approximately two hundred acres of land in the poor farm tract and the old county fair grounds, which was bought as a site for the proposed county hospital. It is pointed out that by selling even one hundred acres of this land, the commissioners could erect new buildings at the poor farm without issuing bonds and putting the county in debt.

Another argument is also used by those in favor of selling part of the land. They declare it is not good business for the county to try to operate a home for the poor and a farm under one management. It is asserted that the superintendent of the poor farm has enough to do in running the county asylum without having to manage a 200-acre farm as well. The records of the county disclose that the farm has seldom ever showed any actual earnings.

Land enough for a truck garden, to raise the vegetables needed by the inmates, and to produce the meat used at the farm, is all that the county needs, it is declared by men who are earnest advocates of the scheme to dispose of part of the farm and erect new buildings.

WILL SPEAK AT GLENWOOD

Mary E. Logan to Address Woman's Missionary Society.

Miss Mary E. Logan, returned missionary from India will give an address in the United Presbyterian church at Glenwood Thursday afternoon at two o'clock. This meeting is under the auspices of the Woman's Missionary society of the Presbyterian congregation of Glenwood. The other societies of the local congregations are invited to attend as guests. Miss Logan is the daughter of Mrs. Samuel Logan of this city and a sister of Dr. H. V. Logan, also of this city. Miss Logan has spent several years of her life as a missionary in Japan and the address given by her promises to be instructive and interesting.

PASSES BOGUS CHECK FOR \$28.50 AT STORE

Man Who Signed His Name "Chester Surface" Makes Four Unsuccessful Attempts.

ESCAPES WITH \$25 IN CHANGE

The police authorities were busy late last evening and this morning in an effort to locate the person who passed a bogus check at the Ida Dixon millinery store late yesterday afternoon. The stranger entered the store and asked to buy a hat for a member of his family. The hat was chosen and a check for \$28.50 was tendered as payment, \$25 being returned in change. The man left, promising to return for the hat later, but did not do so. After an attempt to cash the check, it was learned that it was of no value, being payable to "Chester Surface" by a certain "Mr. Smith."

After a investigation it developed that the same person had tried to cash the same check at the Ninety-Nine Cent store, and the Plough hat shop, but failed in both attempts. He also attempted to cash a check for \$15 at the Finney bicycle store and the Neutzelhelzer millinery store, being unable to do so at either place. Police authorities made an effort to locate the man but he escaped before they were notified.

SIXTH PETITION FOR ROAD UNDER NEW LAW

Taxpayers Ask Permanent Improvement of Pike Between Here and Decatur County Line

DOWN KING PIKE TO MILROY

Another petition for the permanent improvement of a Rush county highway under the county unit law was presented today to the county auditor, making six which have been filed since last Saturday afternoon. The petition is headed by Pete Maffett and asks for the reconstruction of the highway beginning at old Williamstown on the Decatur-Rush county line, running through Milroy and thence north along the King pike to Rushville. The road sought to be improved is 1 1/2 miles long and the petitioners allege that three and a half miles of it south of Milroy are next to impassable. The kind of material wanted is not specified.

Four of the other five petitions which have been filed under the new law request that the roads be built of cement. The first one filed, which is in Rushville and Anderson townships, specifies macadam. The four cement roads, if built, would give Rush county two permanent highways cutting the county east and west and north and south.

NEW GOVERNMENT WELL ENTRENCHED

Red Army Being Formed in Hungary to Disarm the Burgois, Budapest Dispatch Says

CZECH FORCES ARE IN RAAB

Bloody Fighting Between Communists and Anti-Bolshevik Forces in Capital Reported

(By United Press.)
Berlin, Mar. 26.—Allied troops have been withdrawn from several points near Budapest, according to a Budapest dispatch.
A Vienna dispatch said all the allied missions had left Budapest with the exception of one American officer.

Copenhagen, Mar. 26.—The Czechoslovaks are mobilizing another army to march against the Hungarians, a Vienna dispatch reported today. The army will be commanded by an Italian general.

London, March 26.—A News Agency dispatch from Prague today said reports have been received there that Count Karolyi, former head of the Hungarian government, has been assassinated.

A dispatch to the News from Vienna said Karolyi had been arrested by the communists.

Basle, Mar. 26.—Czech forces have occupied the important city of Raab on the Danube 67 miles northwest of Budapest, according to a Vienna dispatch to a German paper.

The Red army is being formed in Hungary to disarm the burgois, a Budapest dispatch reported. All foreigners, including Austrians, are being interned.

The revolutionary government is now firmly established. The workers council has announced that elections to the national assembly have been postponed.

Austrian socialist leaders have sent a message to Budapest announcing the readiness of Austrian workers to join the Bolshevik movement if food can be obtained elsewhere than from the entente.

London, March 26.—Admiral Kolchak, advancing 40 miles into the Omsk region, pierced the Bolshevik line on a front of 30 miles, according to advices received here today.

On the Archangel front the allies began an offensive Sunday but failed to make progress. The Bolsheviks advanced westward although their losses were heavy.

War Minister Trotsky has ordered mobilization of the torpedo boat division of Soviet navy, a dispatch from Helsingfors reported.

Berlin, Mar. 26.—Bloody street fighting between communists and Anti-Bolshevik forces in Budapest was reported by travelers arriving from that city today.

The streets were being swept by machine gun fire and the number of casualties was said to be high.

The communists guards were being directed by Hungarian soldiers returning from Russia.

Travelers have been forbidden to leave Budapest but several slipped past the guards. The nervous situation in the Hungarian capital has been increased by the clashes between the revolutionary factions, it was said.

The British and French missions were reported to be held prisoners but to be safe. The new cabinet is extending its work throughout provinces and towns.

The success of the Hungarian Soviet revolution has made the Spartacists here restless. The independent socialists are opposing another armed uprising in Germany however, and the disagreement threatened to disrupt the Central Soviets.

CHANGE IN PEACE PLANS PROBABLE

Treaty Embracing All Enemy Countries Instead of Preliminary Pact With Huns Scheme

UPSETS THE PROGRESS MADE

One Advantage Seen is That it Would Make Germany Responsible For All Her Allies

(By United Press.)
Paris, Mar. 26.—A treaty embracing all the enemy countries instead of a preliminary peace with Germany, is now being planned to speed up the peace settlement, it was learned from authoritative sources today.

The best guess of when such a treaty would be ready for submission to the enemy powers by calling their delegates is May 1.

This plan completely upsets the progress along which the peace conference has been working for the past month. It is not yet certain that the new scheme will be carried out but some of the delegates point out that various questions are so inter-related that time will be saved by tying all the treaties together.

A further advantage to be obtained through a joint treaty is that it would make Germany responsible for all her allies by binding her up in a pact in which they were parties. This was the only immediate explanation for the change in the trend of the conference work.

One explanation possibly lies in the economic problem in which the greatest difficulties is being encountered. It is known that the economic committees, including the one handling reparations, are far from completing their work, which involves the entire economic future of the world, especially Europe.

TO GET AVERAGE ON LAND APPRAISEMENT

County Assessor Will Receive Informal Reports on Assessing of Real Estate Saturday

COPIES OF NEW LAW COMING

Some idea of the way land and improvements are being appraised in Rush county will be gained by the county assessor, Earl Priest, when he holds another conference next Saturday with the township assessors. At that time the assessors will be asked to make an informal report on the real estate which they have assessed up to the end of this week. It has previously been stated that the assessors were making an effort to appraise farm land and improvements at an average of near \$150 an acre, which is expected to comply with the provisions of the new state law.

The report of the assessors on the first two weeks of assessing recently revealed that personal property was being increased in value in keeping with the intent of the new law, with the exception of a few items in four townships which were valued too low as compared with the other townships.

The county assessor will receive in a few days copies of the new law, which were to be sent out today by the state tax commissioners for distribution. As the new law is a codification of the tax laws of Indiana enacted during the various sessions of the Legislature since 1891 the new sections and provisions of the law are distinguished in the printed copy by bold face type. The pamphlet also contains a complete index to all the matter in the volume, which contains 208 pages.

SITUATION QUIET IN EGYPT

Rioting and Pillaging in Uprising, Advices State

(By United Press.)

Washington, Mar. 26.—Rioting and pillaging featured the uprising in Egypt, according to state department advices today.

Condition had quieted somewhat. Many railroad stations were destroyed during the disorder while peasants seized crops belonging to the state and set fire to the building of one land concern.

At one city a mob overpowered the police and hoisted the Turkish flag, advices state, and at another rioters are reported to have burned the agricultural bank.

JURY HEARS DAMAGE SUIT AGAINST CITY

Evidence Being Given in Suit Brought by Grover Hutcherson of Liberty For \$500

BASED ON ACCIDENT YEAR AGO

A jury began hearing evidence about eleven o'clock this morning in the circuit court in the case of Grover Hutcherson of Liberty against the city of Rushville for \$500. The suit is based on an accident which happened at the corner of Morgan and Second streets on the evening of March 23, 1918 at seven o'clock, when Hutcherson ran into a traffic post with his automobile.

Hutcherson alleges that he did not see the post because the streets were wet and charges the city with negligence. He claims \$250 for damages done to his automobile and \$250 for injuries he sustained. Hutcherson was twice tried before Mayor Irvin on a charge of speeding, which offense was alleged to have been committed at the same time, but the jury disagreed both times. Hutcherson was also arrested for intoxication but the case has never been tried.

The jury hearing the evidence today was as follows: Walter Barnes, John L. Clark, Albert Reddick, H. J. Carr, Oliver Offutt, Dan Hayse, Ben F. Stiers, Urban Vickery, Rufus Rhodes, Oscar Miller, Gordon Whitton and O. M. Harton.

MOTORISTS GET AWAY AFTER STRIKING GIRL

Police Wire Indianapolis to Learn Identity of Men Whose Car Hit Helen Wallace, 9

CHILD IS SERIOUSLY HURT

Helen, age 9, daughter of Mr. and Mrs. Frank Wallace, was seriously injured yesterday afternoon when she was run down by an automobile. The child was returning home from school and was near Gillispie's grocery store in East Eighth street when the accident occurred. She was knocked down, being struck on the side of the head by the machine. Her teeth were knocked loose and her head and shoulders were also bruised.

The drivers of the machine, which was a Ford, applied the brakes, killing the engine. They did not stop long however, but cranked the machine and made their getaway. Mrs. Gillispie secured the number of the machine and the secretary of state at Indianapolis has been wired to learn the name of the owners. The child's condition is hopeful, as reported by the parents this afternoon. The machine was going east when the accident happened. The drivers went over to ninth street and disappeared, going west.

SOLDIERS WATCH INSURANCE PLAN

Local Men Who Are Returned Interested in the Proposed Form of Policies to be Given

SIX KINDS ARE OFFERED

Soldiers Will Have Five Years in Which to Decide if They Want to Make The Transfer

Rush county soldiers who carried government insurance policies under the war risk bureau's plan, are watching developments as to what offers will be made by the department for the conversion of policies for civilians. Under the present plan only men who carried war risk insurance will be permitted to take out policies to be carried by civilians but it is expected that there will be several features that will prove attractive. It is expected that the bureau will announce some time next month just what plan of insurance will be available to former soldiers. It is certain that the insurance department of the government will be continued and it is possible that later it may be extended so that any civilian may take advantage of it.

Soldiers who are holding war risk policies will have five years in which to decide if they want to convert it into another form of insurance. Six kinds of policies, it is stated, will be issued—ordinary life, twenty payment life, thirty payment life, twenty-year endowment, thirty-year endowment and an endowment policy that will mature at the age of sixty-two. The rate for the ordinary life, ranges from \$13.59 at the age of twenty to \$35.56 at the age of fifty years. The twenty-year payment life ranges from \$20.79 at twenty years to \$41.34 for fifty years. The twenty year endowment begins at \$39.10 at twenty years and the highest rate is \$47.01 at fifty years. The thirty-year endowment ranges from \$24.33 to \$37.09.

The government has made extremely liberal provisions in regard to the payment of premiums and will permit the payment of the premiums on a month, quarterly, semi-annual or annual basis. Grace of one month will be allowed on all payments, and the policies for the reinstatement of the insured in the event that he permits his policy to lapse.

If the government should find that it is making a profit on its insurance, the profits will not go into the treasury, it is stated, but to the men who take out the insurance. Dividends will be declared annually, and the insured men may have the privilege of taking these dividends in cash, having them deducted from their premiums, or of leaving the money to accumulate with the government at compound interest. The policies provide that when their policies become paid up they participate in the dividends along with those policies which are still being paid on. If death should occur during the period for which an annual, semi-annual or quarterly premium has been paid, the government will remit the premium for all except the current month.

MARY E. SHAWHAN IS DEAD

Remains of Former Rushville Woman Will Arrive Tomorrow

A telegram was received here this morning by Frank J. Hall announcing the death of Mrs. Mary E. Shawhan of Mobile, Alabama. She will be remembered here as the widow of Garrett B. Shawhan and was the daughter of Mr. and Mrs. Eliza J. Shrader, formerly of this city. The remains will reach here tomorrow morning at 11:45 on the Pennsylvania railroad and will be taken from the station direct to East Hill cemetery for interment.

You Profit By Our Bigness

Our size enables us to:—

Furnish cash markets for all live-stock offered;

Operate at minimum costs;

Stay in business on a profit of only 2 cents on the dollar of sales;

Eliminate waste;

Get the surplus live-stock products from the West to the millions of consumers in the East.

There is No Menace in Size:—

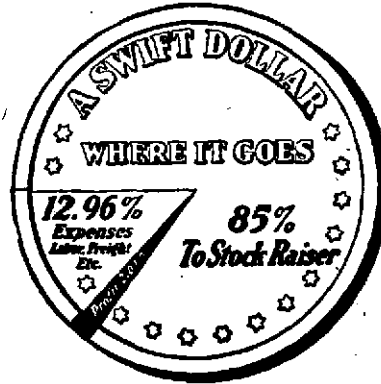

As long as we are in keen competition with other packers;

As long as there are hundreds of firms in the business;

As long as we handle only about 12 per cent of the meat supply of the country and only about 22 per cent of the meat that is inspected by the United States Government;

As long as our bigness is used to your advantage—as it is now—and as it must be in the future if we are to do a profitable business. The permanence of a business depends on the goodwill of those it serves. No large business can prosper that is not recognized as giving in exchange for its earnings an equivalent measure of helpful service.

LEADERS OPPOSE SHOP STEWARDS

To Speed the Final Enfranchisement of Women and Remove all Legal Discriminations.

MANY ATTEND CONVENTION.

As Fitting Memorial to Half-Century of Campaigns; Women Decide to Hold Conference.

(By United Press.)

St. Louis, Mar. 26.—A league of women voters to seek the final enfranchisement of the women of the United States and to remove all legal discriminations against women, was one of the many interesting subjects discussed at the National American Woman Suffrage convention here today. The sessions will last until Saturday, March 29. Delegates from every State in the Union are in attendance.

The jubilee convention, which commemorates the fiftieth anniversary of the granting of suffrage to women in Wyoming in 1869, was attended by some of the best known suffrage leaders. In 1869 the National Suffrage Association was formed, to be followed by the American Suffrage Association. In 1890 they were merged into the National American Woman Suffrage Association. For fifty years the organization has been continuous.

As the most fitting memorial to the half century of campaigns, women of the country were invited to send delegates to a Woman Voter's Conference. Upon this foundation the convention hopes to build a New National Voters' League.

Each fully enfranchised state was represented in the league Conference, including Wyoming, Colorado, Idaho, Utah, Washington, California, Oregon, Montana, Nevada, Arizona, Kansas, New York, Michigan, South Dakota and Oklahoma. Each state sent fifty delegates.

Some of the questions raised in general at the discussion were: "Why does the United States lag behind other nations in extending votes to its women?" "By what policy can the enfranchisement of women be most speedily brought to final triumph?"

"Are women voters treated with the dignity and the respect they merit at the hands of political parties?" "Have women voters accomplished the best results with their franchise?" "Can women voters work for good causes most effectively as an independent non-partisan group outside the party, or as partisans within the party?"

FON RIGGS IS LOCAL DEPUTY OIL INSPECTOR

His Jurisdiction Covers Rushville, Liberty and Morristown, it is Announced

JOB LASTS UNTIL OCTOBER 1

Fon Riggs has been appointed deputy oil inspector for Rushville, Liberty and Morristown by Marion Caldwell, superintendent of the state oil inspection department. Joe Jessop of Connersville has been appointed the deputy for inspection at the station at Glenwood.

These deputies will receive fees from the oil companies until October 1 when the present inspection department, authorized by the recent legislature, will be observed by the state food and drug department.

It has been estimated that the total fees to be collected will approximate \$100,000. The inspectors will test gasoline and naphtha for gravity and kerosene for its flash. For each container they will collect 40 cents for the first two barrels, 20 cents for the next eight, 10 cents for the next thirty-five and 3 cents a barrel for the remainder. All the fees will be kept by the deputies with the exception of 5 per cent which they shall remit to the state office.

Knecht's Weatherman will give free to every mother, wife, or sweetheart of a Soldier a Beautiful Oil Painting by James Montgomery Flagg, also see him about the dress of your Son, Husband, or Sweetheart.

Such Women Just Have to "Give Up"

"Man may work from sun to sun, but woman's work is never done." That's why women are overworked, nervous, all run down, no appetite, and can "hardly drag around." Vinol creates a hearty appetite, strengthens the digestive organs, induces sound sleep, invigorates the nerves, and in this natural manner creates working strength.

Narragansett Pier, R.I.
"I was all run-down, back ached, and tired all the time. I keep house for my husband and four children and could hardly keep around. Finally I tried Vinol and it has restored my health and helped me wonderfully, so I recommend it to others who are in this condition." Mrs. Hannah Randall.
Jacksonville, Ill.
"I keep house for my little family, but got into a weak, nervous, run-down condition. My doctor told me to try Vinol, and in a week I felt like a new person. I am now strong again, look after my baby, and do all my housework." Mrs. G. H. Lamson.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Lunch served by the Glenwood Aid Society.

IN THE SPRING

When Energy and Vitality are Lowest, then—Influenza!

(By R. C. BOWER, M. D.)

At this time of the year people feel weak, listless, their blood is thin, they have lived indoors and perhaps expended all their mental and bodily energy and they want to know how to renew their energy and stamina, overcome headaches and backaches, have clear eyes, a smooth, ruddy skin and feel the exhilaration of real good health tingling thru their bodies. Good, pure, rich, red blood is the best insurance against all kinds of ailments. You are apt to suffer from an attack of influenza if your health is run down.

Purify the blood and you can defy influenza. This is the time to clean house and freshen up a bit.

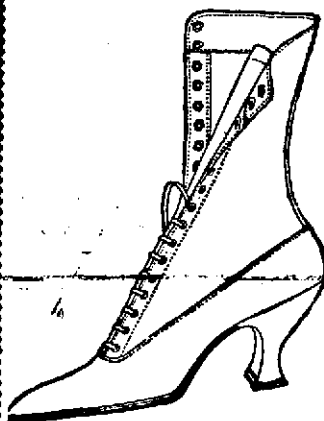

Drink hot water a half hour before meals, and for a vegetable tonic there's nothing better than Dr. Pierce's Golden Medical Discovery, the old-fashioned herbal remedy, which has had such a fine reputation for fifty years. It contains no alcohol or narcotics and is made into tablets and liquid. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. for trial package.

Minneapolis, Wis.—"For the last twenty years I have used Dr. Pierce's Golden Medical Discovery, at times, as a general tonic, with excellent results. One bottle in the spring and one in the fall is usually all-sufficient. It has given me added strength and endurance and has greatly aided me in following the strenuous life of a freight handler. I have also found the 'Pleasant Pellets' very beneficial and mild in action."

"I have been through Dr. Pierce's Invalids' Hotel and Surgical Institute at Buffalo, N. Y., and have found everything as represented. The pictures given of their buildings are genuine."—John W. McLean, 188 Wisconsin St.

How Much is 1¢

Suppose that for one cent you could insure the quality of your cake, biscuits, etc., wouldn't that be real economy?

Well, one cent is about the difference in the cost of a whole cake or a pan of biscuits made with Royal Baking Powder as compared with cheaper baking powders made from alum or phosphate—a trifle, indeed, to insure the quality and wholesomeness of your baking.

ROYAL Baking Powder

Absolutely Pure

Made from Cream of Tartar derived from Grapes

Royal Contains No Alum—

Leaves No Bitter Taste

—Mr. and Mrs. Richard Fleechar were Indianapolis visitors Monday evening and heard McCormack at the Murat theatre.

—Mr. and Mrs. Elmer Abercrombie and family of Falmouth spent Sunday as the guests of Mr. and Mrs. Howard Stout and family of this city.

—Mrs. Everett Daggett had returned to her home in Indianapolis after spending a few days in this city as the guest of her mother, Mrs. Joseph Caldwell.

—Mr. and Mrs. Will Winton of Shelbyville and Corporal Charles Ball and Miss Etha Everett, of London, Shelby county, are visiting Mr. and Mrs. Guy Little, Mr. and Mrs. Will Barlow and Mr. and Mrs. Farlow of this county for several days.

Amusements

Comedy and Drama at Mystic

"The Scarlet Road," presented by George Kleins, is the offering at the Mystic theatre tonight. Billy Ruge in "After the Matinee," a sparkling good comedy is also on the program.

Those fortune tellers who rattle the skeleton in one's own family closet and throw the glaring light of metaphysics on the winding paths of the future. That is what people wondered when Rosamond Gilbert, a pretty young girl, set herself up in a fortune teller's booth behind her bungalow and directed the destiny of clients who sought her sage advice.

She did it to make dreams come true.

How she succeeded in her crusade against drab realism and how she found peace and happiness with the man she loved, is vividly depicted by Carmel Myers, starring as Rosamond in "The Dream Lady," her latest Bluebird photoplay, adapted from Margaret Widdemer's famous novel, "Why Not," which will be shown at the Mystic theatre Thursday.

Marion Davies at Princess

Marion Davies in "The Belle of New York" and Pathe News are the offering at the Princess theatre tonight.

Tomorrow and Friday one of the most remarkable pictures that has thus far been shown on the screen, D. W. Griffith's Artercraft photoplay, "The Greatest Thing in Life," with Lillian Gish in the stellar part, will be presented.

The war has swept over a French village in which a young French-American girl, Jeanette Peret, the character portrayed by Lillian Gish is living with her father. Hammered by the death storm from the great guns, they have taken refuge

in an underground dugout.

As the French are leaving, pressing back temporarily by the Huns, a French officer shows Jeanette's father how the water jar opens with a secret spring and discloses a telephone.

"When the Huns come," the lieutenant tells the old man, "You can serve France by using it."

The old man tries his best to send the message but he is wounded and his daughter undertakes to send it. With the Huns pounding at the door, killing and slaughtering as they come, the girl takes up the field telephone. At first no one will answer.

At last, when it seems as though her heart must burst, a voice comes at the other end of the telephone. It is the voice of the fastidious, dandified young lover from America whom she had flouted. That faroff "hello" heard through shot and shell means more to her than the hope of rescue from the beasts who are beating down her door; it means that the man she loves has found his soul in the muck and gloom of the trenches.

New honors await Miss Gish when this vivid and wonderful emotional scene is presented to the public. She is splendidly supported, her leading man being Robert Harron, an actor of ability and wide popularity. Saturday Harry Morey in "Hoarded Assets," will be shown.

SUES FOR \$300 DAMAGES

Louis C. Lambert has filed suit in the circuit court against William Emsweller on a note and account demanding \$300.

WABASH MAN SPEAKS

C. E. Troyer of Wabash addressed a crowd of Rush county farmers at the court house last night on the subject of "A More Profitable Corn Crop." Nearly every township in the county was represented. Mr. Troyer is a successful corn grower and gave Rush county farmers the benefit of his experience.

MAX BAIRD RELEASED

Max Baird, who last month was fined \$1 and costs and sentenced to thirty days in jail by Judge Sparks in the circuit court for stealing coal, last month, was released yesterday when arrangements were made to stay the fine and costs.

STUFFED UP WITH "A BAD COLD?"

Get busy with a bottle of Dr. King's New Discovery at once

Coughs, colds and bronchial attacks—they are all likely to result in dangerous aftereffects unless checked in time. And how effectively and quickly Dr. King's New Discovery helps to do the checking work! Inflamed, irritated membranes are soothed, the mucous phlegm loosened freely, and quiet, restful sleep follows. 60c and \$1.20. All druggists have it. Sold since 1869.

Constipation Emacipation

No more lazy bowels, yellow complexion, sick headache, indigestion, embarrassing breath, when you use as a corrective Dr. King's New Life Pills. They systematize the system and keep the world looking cheerful. 25c.

Wednesday, March 26, 1919

The tax has been levied and the taxpayers will pay—so why not oil the streets before the dust begins to fly.

The Health Crusade

Every child in the lower grades of the Rushville schools is being given the opportunity to earn a mediaeval title, such as knight, page or squire, in the health crusade which is being conducted here through the co-operation of the American Red Cross with National Tuberculosis association.

The campaign is designed to improve personal health and community sanitation, and teachers report that the end desired is being attained in most cases. Children are said to be working like Trojans in their efforts to win the title in prospect, and in the meantime habits that are invaluable in making them healthy humans, ready for the battles of life, are being instilled into them and made a part of their very being. Nothing more commendable has ever been attempted in the public schools and it merits all the support which

BETTER THAN CALOMEL
Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lary feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

school teachers and school officials can give it.

"Health Chores" faithfully performed for two weeks entitle any school child to enter the ranks of the Modern Health Crusades as a page. To be a squire, and wear a squire's badge, three weeks of health chores must be added to the two weeks already performed. And fifteen weeks (incidentally sufficient practice to acquire good habits thoroughly) bring the title of knight banneret and a gold pin.

Folders, with a space to check for each chore each day keep the record at home. A roll of Health Knight-hood hangs in the schoolroom, where the names of the candidates are enrolled and their rank indicated by stars as they earn their titles.

The trophies for the victors in the national tournament are pennants presented jointly by the National Tuberculosis Association and the American Red Cross.

Marks of Service

As the soldiers come back it will interesting to distinguish the meaning of the various chevrons which they wear upon their sleeves. We subjoin a list:

A single red chevron signifies "discharged with honor".
A single blue chevron signifies less than six months' service abroad.
A single gold chevron for each wound received in service is worn on the forearm of right sleeve.
A single gold chevron for each complete six month's service abroad is worn on the forearm of left sleeve.

A single white chevron for each complete six month's service in the United States is worn on the forearm of left sleeve.
There is generally a mere question of opportunity, not of willingness or ability, between these service marks. Often the man who would gladly have served abroad has been retained in this country simply because he has shown superior ability and therefore was better qualified to instruct others. The man who displays any one of the chevrons above described has done his full duty by his country and is worthy of honor.

Secretary of Labor Wilson is quoted as saying that several recent strikes in the United States were not industrial disputes in their origin but, rather, results of "a deliberate, organized attempt at a social and political movement to establish soviet governments in the United States". With the espionage laws giving them almost unlimited power, what have the department of justice and the postoffice Department to say in defense of their failure to cope with this "deliberate, organized attempt" to establish soviet governments? Ole Hanson had no government appropriation nor government espionage law, but he did the work.

In order to keep the league of nations question out of party politics, the chairman of the democratic national committee challenged the

Women who are easily shocked like to be.

If you want a man to stand behind you, stand behind him.

Men who "come back" are men who never really went away.

An ability and a desire to render a useful service are the only tests of respectability.

Diplomacy is the fine art of getting your laundry from a Chinaman when you have lost the ticket.

Modesty may be a virtue, but merit that vaunts itself occasionally in the advertising columns is what buys twin sixes.

Hez Heck says: "The 'fall' of Adam, I should say, was an uplift. It was simply awful to run around the Garden with nothing on."

chairman of the republican committee to a discussion of the question.

There are a few people of foreign birth in this country who do not like our government. We can well afford to give them free transportation to their native lands.

An old man, the story goes, planted potatoes and onions in the same hills together. When a drought came the onions were so strong that the brought the tears to the eyes of the potatoes, thus watering the onions. Some of the city home gardeners tried just such stunts last year, but on the whole the gardens were a success. The School of Experience sometimes collects high tuition fees, but after all experience is the best teacher, and the people who made the mistakes in planting their gardens last season are going to profit by those very mistakes this year.

One serious mistake made by many city gardeners was planting too great a variety of vegetables in a small space, with consequent crowding and poor growth. It is much better for the gardener whose space is limited to plant a comparatively few kinds of vegetables, not more than ten or twelve out of a possible fifty or sixty.

Digest of New Indiana Laws

By Charles Kettleborough.

German Language—The German language was completely eliminated from the curriculum of the elementary school of the state by two separate acts which were approved on February 25 and March 13, respectively. The act of Feb. 25 which became effective on the date of its passage, requires that all instructions given in the elementary school of the state including private, parochial and institutional schools must be in the English language and the teaching of German in all elementary schools is expressly prohibited. The act of March 13 amends the act of 1907 which prescribes the subjects included in the high school curriculum and provides that the languages taught in the high school shall include "Latin or any modern foreign language, except German". The high school act will not be in effect until the governor issue his proclamation.

Shot Firers—From and after April 1, 1919 the operators of all coal mines in which coal is blasted in which more than 10 miners are employed where more than two pounds of powder is used for any one blast and mines in which gas exists in dangerous quantities are required to employ shot-firers to inspect and fire all shots. The shot firers employed must be practical and experienced miners and the operator is the sole judge of their qualifications and may discharge any firers without interference of the miners. Each day after completing their work shot firers are required to post a notice indicating the number of shots fired and designating the room and entry in which shots are not fired and they are further required to keep a daily permanent record exhibiting the number of shots fired the number of shots failing to explode and the number properly prepared. Shot firers are not permitted to begin work until all miners except the necessary helpers are out of the mine.

FORGERIES ADMITTED BY JAMES R. DEPREZ

Shelby County Man Confesses He Conspired With Cashier of Flat Rock State Bank
SUM AMOUNTED TO \$16,000

Shelbyville, Ind., Mar. 26.—James R. DePrez testified in circuit court here yesterday that he and Louis Covey, cashier of the state bank at Flat Rock, had conducted a series of forgeries since Oct. 1917. DePrez is under indictment jointly with Covey, charged with forgery. His confession caused a sensation in the court room. The state used DePrez as a witness for the prosecution of Covey.

DePrez became bankrupt last August and at the same time was placed under arrest for forgery. He implicated Covey, one of the most prominent men of Washington township.

DePrez was charged with forging notes to the extent of about \$16,000 all of which were cashed at the Flat Rock State bank.

DePrez testified that he and Covey always used the names of farmers doing very little business at the bank; and when the notes came due would cover them with a larger amount. He stated that the note on which Covey is charged with forgery was signed by Covey with his left hand.

FALL OUT WINDOW; UNHURT

Columbus, Ind., Mar. 26.—The 2-year-old son of Mr. and Mrs. Charles Allison fell from a two-story window to the ground at his home here yesterday. The child jumped up and ran back into the home, none the worse for his sudden tumble.

Members of the cast of the 27th Division's famous theatrical production, "You Know Me, Al", worked under shell fire with the Red Cross when the 27th helped to break the Hindenburg line.

A big dance given Mar. 28th over the Handley Garage at Glenwood. Dancing in this hall every Friday night, everybody invited. Good music.

Some Selling Power!

360 lines of advertising in 142 newspapers sold 335,771 automobiles.

This advertising reached 15,477,422 individual readers at a cost of less than \$6,000.00.

"We put our advertising where the people expect us to advertise," says the advertising manager.

The car in question was selling at a popular price.

Comparison proved that newspaper advertising was not only far cheaper than any other kind, but also more effective.

As the advertising manager summed it up, "Why appeal to the few when you can reach the many?" The Bureau of Advertising, American Newspaper Publishers Association, World Building, New York, will be glad to give the details of this remarkable campaign to any manufacturer or agent.

Miss Emma Cassady will be hostess for the members of the D. A. R. tomorrow afternoon at her home in North Morgan street.

* * *

Mr. and Mrs. John Jordan of North Main street had as dinner guests yesterday Mrs. R. C. Brown and Mrs. Clara Dora of Glenwood, and Mrs. Ida Shortridge, Miss Stella Shortridge and Wayne Hinckman.

* * *

Mrs. Jessie Bennet's Bible class of the First Presbyterian church will meet with Mrs. J. R. Carmichael at her home in North Main street Thursday afternoon at two o'clock. All ladies of the church are invited.

* * *

Mrs. Walter Easley was hostess for the Five Hundred club last evening at her home in North Perkins street. The guests spent the evening over the four card tables and at the close of the laying a dainty luncheon was served.

* * *

Miss Frances Frazee entertained the members of the Psi Chi sorority last evening at her home in North Main street. After the business session, at which time many plans were discussed, the hostess served a delicious luncheon.

* * *

The Pastor's Aid society of the Main Street Christian church met yesterday afternoon in the parlors of the church. The afternoon was devoted to a business session at which time the members discussed many questions related to the society.

* * *

The meeting of the Shakespeare club which was indefinitely postponed a few weeks ago will be held with the Misses Nora and Mary Sleeth at their home in West First street Thursday evening at 7:30 o'clock. The lecture will be given by Prof. Jenkins, of Indiana university the subject of which will be "Russia."

* * *

Mrs. Merrill Ball, assisted by Mrs. F. J. Ewbank and Mrs. W. V. Brown, entertained the members of the Ladies Aid Society of the M. E. church yesterday afternoon at her home in North Morgan street. The

afternoon was devoted to a business meeting at which time they decided to hold a penny supper on Friday evening, April 4. After the session light refreshments were served.

* * *

The Martha Poe Chapter, No. 143 O. E. S. had a call meeting last evening at which time the grand matron, Mrs. Georgia Bardsley, of Shelby, Ind., inspected the degree work of this chapter. From 4 to 6:30 p. m. the members of the lodge gave a reception for Mrs. Bardsley which was followed by a banquet before the inspection work took place.

* * *

Members of the Catch-My-Pal class of the First Presbyterian Sunday school were entertained last evening at the home of their teacher Mrs. John Boyd, in Circleville. At the business session the members decided to hold an exchange on Saturday, April 5. After the session the guests enjoyed the evening socially and dainty refreshments were served by the hostess.

* * *

The Sorosis club enjoyed a very interesting program yesterday afternoon given by members of the club at the home of Mrs. C. M. George in North Main street. The program was as follows: The responses were "Items of Peace," Paper by Miss Doris Saxon, "What a Man Owes a Lump of Coal," Paper by Mrs. C. M. George, "Silk Industry," Mrs. Elmer Caldwell gave a talk on "The Missions at San Antonio, Texas." Two members were taken into the club yesterday by the president, who were the Misses Sadie Scholl and Marian Fry. The guests were Mrs. Will Smith and Mrs. Cary Jackson. After the interesting program a two course luncheon was served.

Dame Fashion Is Enmeshed

By MARGARET ROHE
(Written for United Press.)

A silken sash with dainty haste Belinda knotted around her waist And as she tied it in a bow, She caught my heart right in your know. Content I'd bide At her sweet side

Could I but be the beau she tied. New York, March 26.—Of course it's humiliating and prosaic to be tied to a pair of apron strings, but what better fate could a mere man ask than to be attached to the silken floating strands of the gorgeous ribbon sashes fetching females are now all wrapped up in.

A frock without a sash these first Spring days is like a julep without course, we'll find that just a mere detail, but at present it's the details that count. A sash is just that right piquant detail that breaks the plain dark length of line with a splash of color and adds savor and flavor to a frock. Really, a waist without a sash is not a waist of the times, but a waste of time.

Wonderful in coloring and design are the wide ribbons offered to sash femininity. They are irresistible and it is no wonder Dame Fashion is all enmeshed in their coils.

The lustre of metallic threads

plays a bright part in the warp and woof of them and the gay Bayader stripes of the old Roman sashes turn most any dark gown into a veritable Roman holiday. Usually on dark toned satin or taffeta dresses, navy, black or taupe, the gay hued sashes tie up to the greatest advantage but a rose pink taffeta evening gown,

worn in "Up in Mabel's Room," is one of the most effective sash dresses of the season. The regulation draped pink taffeta skirt it tight at the feet and puffed out over the hips. The bodice, which is too slight for honorable mention, is joined to the skirt by the wide crush of a backgrounded ribbon strewn with red and yellow roses shot with silver. This ribbon sash is knotted in the back and one long end falls and trails on the floor in the form of a train.

Of course, if you own a really old sash of your childhood days, it is much classier than the newest imitating ribbons. A lucky debutante was the envy of all beholders the other day, sporting a charming old sash of her mother's youth. It was of yellow satin, chenille fringed and embroidered on each end with rosebuds and forget-me-nots in chenille. She wore it with a smoke grey Georgette dress.

Chenille fringe for the sash ends is particularly smart and long chenille tassels are also effective.

Apologies of getting out your old sashes you'd better shake the lavender out of your old lace collars at the same rummaging.

The exquisite ivory tint of a cob-

webby real old lace collar is the last word in perfection to top off the black satin draped gown that is the necessity of Everywoman's Spring wardrobe. It makes no difference what shape or kind your collar is, just so it is hand-made of course, and a bit yellowed with age.

A clever dressmaker who wishes to get the best effect out of some lovely old lace collars which thread their most fascinating designs in the rather stilted form of a deep sailor collar has hit upon the happy idea of turning the collars completely around and letting the erstwhile deep rear sailor effect drop down in front, in a quaint bibbish manner. The result is most artistic and suggests that if we are going to turn backwards for our fashions we may as well turn some of them frontwards, to even things up a bit.

NEVER FAILS

Mrs. Anna Conner, Cincinnati, O., "Used Hull's Superlative in family 7 years. Never fails to give relief for nerve and stomach disorders. Husband had eight paralytic strokes—nothing helped him like Hull's Superlative." Druggists sell Hull's Superlative.—(Adv.)

Mr. and Mrs. A. G. Saxon of near Glenwood called on his mother, Mrs. Mary Saxon Sunday.

Mr. and Mrs. Raymond Bowles and daughters Vera and Mary Elizabeth of Mays were the guests of Mr. and Mrs. Hershel Rhodes Sunday.

IS GIVEN THE MINIMUM

Ed Tyner Fined \$100 and Jail Sentence is Suspended.

Ed Tyner was fined \$100 and costs and given a thirty day jail sentence late yesterday afternoon in Mayor Irvin's court. The jail sentence was suspended, however. The sentence and fine were the min-

imum for possessing and disposing of intoxicating liquors under the prohibition law. Tyner said that he did not give Tom Worthington any whiskey but gave him Jamaica ginger. Worthington testified that he did not drink the ginger but was given whiskey. Mr. Tyner paid the fine and costs immediately after it was assessed.

It is indeed hard to stand at one side while the stream of life flows by. A man or woman condemned to sickness that does not permit him or her to perform the active duties of life, to do his or her share of the world's work, is a pathetic figure deserving sympathy. Much sickness, pain and misery result from disordered kidneys and bladder. Failure of the kidneys to do their work properly and filter impurities out of the blood leads to rheumatic pains, headache, sore muscles, stiff or swollen joints, puffiness under eyes, floating specks, biliousness, bladder weakness, nervousness, or other symptoms of kidney trouble.

Foley Kidney Pills

are effective in removing the cause of the trouble for they strengthen and invigorate weak or deranged kidneys and help them to normal functioning so that the blood stream is purified and the cause of disease removed.

F. M. Platte (Brakeman), Sec'y. Switchman's Union, 518 Blaine St., Peoria, Ill., writes: "Two bottles of Foley Kidney Pills relieved all symptoms of my kidney and bladder trouble, stopping the backache and pains, correcting the kidney action, clearing secretions. I am also free from dizziness and floating specks before my eyes. Foley Kidney Pills cured me."

All Choked Up With Catarrh? Why Continue Makeshift Treatment?

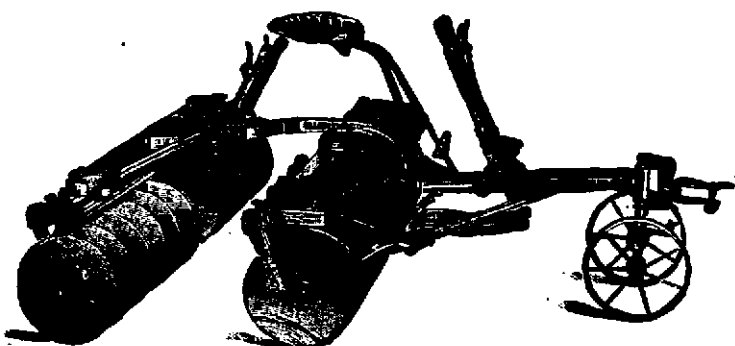

Sprays and douches will never cure you.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface.

To be rid of Catarrh, you must drive the disease germs out of your blood. Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote. S. S. S. is sold by all druggists. If you wish medical advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. B, Atlanta, Ga.

Janesville Tandem Disk Harrow

THE Budlong Harrow is the only harrow we know of in which the bearings do not cramp while the machine is working. This freedom in the bearings means light draft and flexibility in the whole harrow. This allows the Budlong to make use, in a natural way, of all of its penetrating qualities to thoroughly pulverize the soil under the most trying conditions.

The rear harrow is built like a bridge and no manner of hard work will ever force this harrow to buckle in the middle.

Its Backbone Is as Rigid as a Concrete Arch

The trailer steadily holds its place back of the Budlong, whether used on side hills or on the level, on account of the way it is attached to the front harrow.

The same material used in all Janesville machines is found in the Janesville Tandem. Made in sizes from four to ten feet with sixteen-inch blades.

We looked them all over and felt our trade and local conditions would be best served by this Janesville model. Compare notes with us before you buy.

C. H. (Nick) TOMPKINS

Horses and Mules

The majority of horses and mules that are out of condition are traceable to worms and indigestion, while worms are very common to colts and young horses. ACME WORM BOUNCER will rid your horses and mules of worms and improve their condition. When preparing your horses and mules for spring work feed them a tablespoonful of

two or three times a day. They will shed better, eat better and do better. When fitting your horses for market, feed ACME WORM BOUNCER—Nothing equal to it.

GLAD TO PAY

AMERICA'S IMMORTALS

SAMUEL WOODFILL,
First Lieutenant, Company M,
60th Infantry.

Three acts of conspicuous daring in one day near Cunel, France, October 12, 1918, won the Distinguished Service Cross for Lieut. Woodfill. While he was leading his company against the enemy his line came under heavy machine gun fire, which threatened to hold up the advance. Followed by two soldiers at twenty-five yards, this officer went out ahead of his first line toward a machine gun nest and worked his way around its flank, leaving the two soldiers in front. When he got within ten yards of the gun it ceased firing and four of the enemy appeared, three of whom were shot by Lieut. Woodfill. The fourth, an officer, rushed at Lieut. Woodfill, who attempted to club the officer with his rifle. After a hand-to-hand struggle, Lieut. Woodfill killed the officer with his pistol. His company thereupon continued to advance until shortly afterward another machine gun nest was encountered. Calling his men to follow, Lieut. Woodfill rushed ahead of his line in the face of heavy fire from the nest, and when several of the enemy appeared above the nest he shot them, capturing three other members of the crew and silencing the gun. A few minutes later this officer, for the third time, demonstrated conspicuous daring by charging another machine gun position, killing five men in one machine gun pit with his rifle. He then drew his revolver and started to jump into the pit when two other gunners only a few yards away turned their gun on him. Failing to kill them with his revolver, he grabbed a pick lying near by and killed both of them. Inspired by the exceptional courage displayed by this officer, his men pressed on to their objective under severe shell and machine gun fire. Lieut. Woodfill is married and lives at 167 Alexandria Pike, Fort Thomas, Ky.

Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine. It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do. Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Rushville Daily Republican.—(Adv.)

Knecht's Weatherman will give free to every mother, wife, or sweetheart of a Soldier a Beautiful Oil Painting by James Montgomery Flagg, also see him about the dress of your Son, Husband, or Sweetheart.

AMERICAN PEOPLE READY TO COMPLETE THE JOB

Victory Liberty Loan Must Succeed to a Degree in Keeping With Success of Former Loans.

By **CHARLES H. SCHWEPPE,**
Director of Victory Liberty Loan Campaign, Seventh Federal Reserve District.

Despite the fact that hostilities have ceased and preliminary steps to the signing of a peace treaty have been taken, our big war job is not finished. The job will not be completed until the war bills are paid and the slate of the nation is clean. Those of us who remained on this side of the water still have work to do to polish off the great victory won by our soldiers and sailors, and the work before us is as patriotic and essential as that already accomplished.

The Victory Liberty Loan must succeed to a degree in keeping with the success of the four previous loans. This success can be attained only through the efforts and enthusiasm of the entire people. Liberty Loan organizations must put into their efforts the same vim and fire that characterized their work in the previous loans. The people must do everything within their power to aid the organizations in performing the task that is as much theirs as in the time when the nation was warring.

The spirit of thanksgiving should permeate the American atmosphere—should dominate the heart of every citizen, for if it had not been for the extensive preparation to fight the central powers until victory perched upon our banner the war would have been prolonged indefinitely, with a consequent loss of thousands of lives that otherwise were saved to us when the German general staff acknowledged the futility of continuing the struggle for world domination. The great victory was achieved very largely through the shells that were never exploded, through the soldiers that did not go across, and through the general preparations in other directions. The American people can give expression to their thanksgiving by subscribing to the limit of their ability in making the Victory Liberty Loan an overwhelming success.

The fullness of the great victory will not be realized until the war bills are paid and all the boys brought home. The expenses of the war have been huge, but America set out to win the war at any cost, and now, with victory secure, the American people stand ready to complete the job assigned to them—providing the money necessary to win the victory.

—HELP "FINISH THE JOB."

86 TOTAL NUMBER OF CASUALTIES FOR TODAY

Only Four Indiana Men are Reported by The Commanding General of The A. E. F.

38 ARE DEAD OF DISEASE.

Washington, Mar. 26.—The following casualties were reported today by the commanding general of the American Expeditionary Forces: Killed in action, 4; died from wounds, 7; died of disease, 38; died in airplane accident, 1; died of accidents and other cause, 13; missing in action 5; wounded severely, 18; total, 86.

One Man Cultivates 20 Acres a Day with the New

It Solves The Farm Help Problem

Due to its high clearance, 20% inches, the Moline Universal Tractor is perfectly adapted for cultivating, enabling one man to cultivate corn or other row crops, two rows at a time, at the rate of from 14 to 20 acres a day.

The Moline Universal attaches direct to the cultivator, and forms a compact unit with it that is controlled from the seat of the implement, where the operator must sit to do good work, dodging individual hills by shifting the cultivator gangs with his feet.

The position of the operator directly behind the right wheel of the tractor gives him an unobstructed view ahead. All he has to do is to keep the right wheel of the tractor a certain distance from the outside row and the whole outfit will go properly.

An electrical governor permits the engine to be slowed down to a snail's pace for turning at the ends of rows, or for cultivating the first time over.

The outfit is easily stopped, backed or turned, and does less damage in turning than horses.

The cultivator has many features which make its operation extremely easy and effective. All who have operated this outfit express surprise and delight at the ease and simplicity of operation.

Cultivating, however, is only one of all the farm operations the Moline Universal can do. It is light, but has more than enough power to pull two 14-inch plow bottoms at high speed, because all its weight is available for traction. The Moline Universal works to full capacity throughout the entire year. That's why it really replaces horses and enables one man to farm more land than was ever before possible. It is the universal tractor that does all farm work and solves the farm help problem.

There are many other features of this machine that will interest you.

Obituaries

IN MEMORIAM

Orval Utler was born the 11th day of August 1897. Died November 28, 1918, 21 years, 3 months, 17 days. He left a wife and daughter, father, mother, two brothers, three sisters and a host of friends to mourn his loss.

We miss thee Oh our dearest brother The Lord saw fit to call him home His place can never be filled by others.

So through life's path we tread alone.

Our hearts are almost broken dear, For we will surely miss you here But the Lord who knoweth all things best

Has called our brother home to rest. 1111

NOTICE OF ELECTION

A meeting of the stockholders of the Rushville Co-operative Telephone Company will be held in the sheriff's office of the court house in the city of Rushville, Indiana, at 7:30 p. m. Friday April 11, 1919, for the purpose of electing a board of directors and the transaction of

BILLION DOLLARS TO REBUILD RHEIMS

Total Cost of Restoring City is Estimated at Five Billion Francs

CONSTRUCTION COMMENCING

Twenty Different Complete Plans Are Submitted by Architects For Reconstruction

By HENRY WOOD (U. P. Staff Correspondent.)

Rheims, France, March 5. (By Mail.)—The total cost for the reconstruction of Rheims, according to estimates just completed, is placed at five billion francs, or \$1,000,000,000.

This is the figure of the indemnity which the Germans imposed on France at the end of the Franco-Prussian war and which they then considered sufficiently large to ruin France, commercially and industrially for years to come.

In spite of this terrific cost, due in part to the increased cost of building materials resulting from the war, Rheims is losing no time rising from its ruins. For the reconstruction of the city twenty complete plans have been submitted by leading architects of Paris, Rheims and other French cities. No one plan will be adopted but the city will pick out of each the features that seem the most desirable, and arrive at a final plan which will be approved by the city council.

Amongst the details already decided upon are big, broad streets for

Legal notices will be found on page 5 today.

such other business as may come before the meeting. M. V. Spivey, Secretary. Dated March 18th, 1919. Mar. 18, 19, 21, 24, 26, 28. Apr. 2, 4, 7, 9, 11.

NOTICE

the principal arteries; workingmen's quarters, with gardens, and three series of boulevards, like those of Paris and Brussels, forming complete circles, there being one inner circle of boulevards, then a middle circle and finally an outer circle.

It has also been decided that the buildings encircling the cathedral, nearly all of which are now in a complete state of demobilization, will be cleared out entirely in order that the cathedral may occupy a vast open square where all of its beauty may be seen from any point.

WEAKNESS REMAINS LONG AFTER

Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux. Vomica; Powdered Gentian; Phenolphthalein; Oleoresin Capsicum. Kolo.

QUALITY-STYLE PRICE

QUALITY in relation to men's suits means the cloth, trimmings and make. We are careful that the cloth is reliable, that the trimmings are high-grade and the make first class.

STYLE is a matter of the right proportion, correct lines and new effects. Our suits were designed by the best designers in the world.

PRICE is the comparative value of what you get for what you pay. Our prices are low in comparison to the real value we give in clothes, service and satisfaction.

Men's Spring Suits \$17 to \$45

Boys' Long Pant Suits \$15 to \$35

Boys' Knee Pant Suits \$8 to \$20

JOBS FOR FOURTH MEN DISCHARGED

Employment Services Finds Positions For 57,000 Returned Soldiers During February

BETTER SHOWING IN MARCH

Welfare Organizations Co-ordinate Campaign in Behalf of the Discharged Men

Indianapolis, Ind., Mar. 26.—Fifty-seven thousand jobs were found by the United States Employment Service, for discharged soldiers, sailors and marines during the month of February, according to official figures received at the office of L. C. Huesmann, State Labor Director, from Washington, today. This represents approximately 22.8 percent of the men discharged.

For the week ending March 1 an even better showing was made, 18,000 of the 52,000 men discharged, or 34.6 percent being placed in satisfactory jobs.

Announcement of plans for listing discharged men as they embark from France and who desire the assistance of the Service in finding jobs, was conveyed in a bulletin from Washington. This fact is of special interest to Indiana, inasmuch as a large number of Indiana soldiers who were in the important engagements of the war, are reported as about ready for sailing from France for their homes.

The purpose of the War Camp Community Service to assign a number of its experienced and skilled men to the special task of assisting the service in finding work for discharged men, in addition to the co-operation that has been given was followed by a similar statement of purpose from national headquarters and Red Cross.

In Indianapolis and in a number of the larger communities of the state, these welfare organizations have coordinated their campaign in behalf of discharged men and are working through the established offices of the Employment Service.

Information and advice as to the need for help in the western wheat field, and the opportunities and wages there, will be provided to all interested, during the coming har-

Saturday is the Last Day to Save from \$10 to \$30 on Your Heating System

Saturday is positively the last day on which we can accept contracts for the installation of the genuine Round Oak Moistair Heating System on our special 10-day offer.

Sales have fully justified this campaign. Our men are booked ahead, without waste of time or effort.

We are enabled to contract for a large shipment of heating systems, registers, and fittings and receive the quantity benefit in price. Our selling cost has been reduced during this period, the

last day of which is SATURDAY, MARCH 29th. That's why you can save money.

Not only may you have this immediate saving but with the correct installation of a Round Oak Moistair Heating System, you safeguard the health and comfort of your family—for more than a generation.

This is the heating system that circulates pure, warm, every-changing air, free from dust, gas and smoke—properly humidified.

It is the one heating system we believe which will satisfy you, year in and year out, for the next twenty-five or thirty-five years.

Remember, there is but one Genuine

Round Oak Moistair Heating System

The Only Heating System That Automatically Ventilates and Humidifies

Why wait until Saturday? Something may intervene to make your visit impossible—come to-day, now!

Our Heating Engineers will gladly advise you, quite without obligation, with regard to your particular problem.

The Round Oak Heating Engineers will draw up, free, a blue print showing the scientific installation of one of these heating systems for YOUR home.

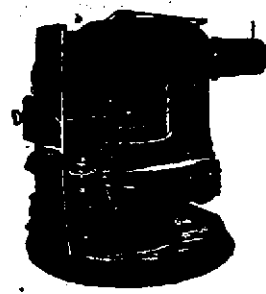

In addition to the immediate money saving, remember, there is also a yearly saving in fuel bills, because of improved construction and extra weight of the Round Oak Moistair Heating System.

Investigate—if possible today.
